

Wednesday Evening, May 23, 1917

Rushville, Indiana, Vol. 14. No. 61.

TEN PAGES TODAY

**JUDGE SPARKS IS  
NOT A CANDIDATE**Sets at Rest Today All Rumors That  
He May Seek Republican Con-  
gressional Nomination.**DOUGLAS MORRIS NOT IN RACE**Women Doomed to Disappointment  
Because Law Provides They Can't  
Vote For Congressman.**OF NATIONAL IMPORTANCE**

The election of a congress-  
man from this district will be  
watched with interest nation-  
ally because the control of the  
house will depend largely on  
the outcome. If a republican  
is elected the balance of pow-  
er will remain unsettled as be-  
fore Congressman Comstock's  
death. Should a democrat win  
the democrats would control  
the house. A similar situation  
exists in a district in Maine.

Rush county will have no candi-  
date for the congressional nomina-  
tion from either party. Judge Will  
M. Sparks, who has been frequently  
mentioned as a possible candidate,  
especially in Wayne county, emphat-  
ically declared today he was not a  
candidate and would not be a candi-  
date. Judge Morris, who was men-  
tioned as a possible democratic candi-  
date, also declared he was not a  
candidate.

"I appreciate the consideration my  
sparks have given me," said Judge  
Sparks, "but I have no ambition and  
no intentions of going to congress. I  
am not in politics and have no desire  
to be."

This from Judge Sparks should  
set at rest any intimation that he  
would be a candidate.

The congressional situation in the  
republican ranks is unchanged.  
There have been many names men-  
tioned but so far there is only one  
avowed candidate and that is Elmer  
Bassett of Shelbyville. The an-  
nouncement of George Barnard of  
Newcastle was expected to be made  
today.

Barnard was in Rushville yester-  
day afternoon looking over the  
ground and while here stated that he  
expected he would make a definite  
announcement today.

The situation in the democratic  
ranks is also unchanged. Finly  
Gray is an avowed candidate, as was  
to be expected. It was also stated  
today that Louis Federman, a banker  
of Brookville, would seek the nomi-  
nation. Walter S. Chamber, district  
chairman and state senator, who  
has been mentioned here frequently  
and seemingly is favored by Rush  
county democrats, has not yet an-  
nounced. In fact, he declares he is  
not a candidate.

Last night's Newcastle Times, of  
which Chambers is the editor, con-  
tained the following:

"Candidates are cropping out in  
both parties and from several coun-  
ties. Former Congressman Finly H.  
Gray of Connersville, has announced  
that he will ask for the democratic  
nomination. Lewis Federman, a  
banker of Brookville, will be in the  
race on the democratic side. Walter  
S. Chambers of this city is not a  
candidate."

With a special election to name  
the successor of the late Judge D. W.  
Comstock, many Rushville women  
had visions of casting their ballots  
for congressman. They are doomed  
to disappointment and must wait un-  
til the election of delegates to the  
constitutional convention, because  
the law does not provide they can  
vote for congressional offices.

**CAMP AT FT. HARRISON**

Washington, May 23.—Establish-  
ment of a training camp for officers  
of the medical corps was announced  
by the war department today at  
Fort Benjamin Harrison. The  
camp will open June 15.

**TO SHOW VALUE AS  
STATE FOOD SUPPLY**State Senator E. A. Norman, Organ-  
izer for Fish and Game Com-  
mission to Hold Meeting Here**PUBLICITY MAN IS WITH HIM**

E. A. Norman of Hope, Ind., state  
senator and state organizer, and A.  
E. Bodine, publicity man of the In-  
diana Fish and Game Commission,  
are in the city to meet the hunters  
and fisherman of the community in  
the interests of better fish and  
game commission.

A meeting will be held at the law  
office of Claude Cambren tomorrow  
evening at 7:30 o'clock and all citi-  
zens interested in fish, game and  
bird protection and propagation are  
invited by Senator Norman and Mr.  
Bodine to be present.

The state representative will dis-  
cuss the questions pertaining to  
this subject from many points of  
view. He will show that the value  
of fish and game as a food supply  
has not been taken into considera-  
tion by many; that protection and  
preservation of what the state has  
will add much to Indiana's food  
supply. All are welcome to attend  
the meeting.

Governor Goodrich issued a pro-  
clamation a few days ago, calling  
upon all sportsmen to observe care-  
fully the fish and game laws be-  
cause it meant conservation of the  
state's resources.

**REFRIGERATORS ARE  
RAIDED BY THIEVES**Three Homes Are Entered by Rob-  
bers and Unsuccessful Attempt  
Attempt is Made at Fourth**SOMETHING TO EAT IS SOUGHT**

Thieves evidently bent on obtain-  
ing something to eat have again  
been active. Monday night the home  
of Frank Catt in North Perkins  
street was entered and the refrig-  
erator stripped of everything look-  
ing like something to eat. The rob-  
bery was not discovered until last  
night. On Monday night the home  
of Paul Boehm in East Eighth  
street was entered and the robbers  
carried off some potatoes, eggs and  
two cakes of soap.

On this same night an unsuccess-  
ful attempt was made to enter the  
home of W. B. Garrigus, which is  
directly across the street from  
Boehm's.

From this neighborhood the rob-  
bers went to the home of E. B.  
Thomas in North Morgan street,  
and here like the other places, some-  
thing to eat was sought. The re-  
frigerator was robbed of everything  
but the ice. Last week two similar  
robberies were reported to the  
police.

**MAY VOTE ON REVENUE BILL**War Measure Reported to House—  
Immediate Passage Asked.

(By United Press.)

Washington, May 23.—The govern-  
ment's \$1,800,000,000 revenue bill  
came nearer enactment into a law  
this afternoon when Chairman Kitch-  
en formally reported it to the house  
and asked its immediate passage  
without protest. A vote is expected  
late this afternoon or tonight.

**HELD FOR FIRING FORESTS**

(By United Press.)

St. Paul, Minn., May 23.—Ar-  
rests have been made and more  
are expected on charges of starting  
forest fires which have destroyed  
thousands of dollars worth of tim-  
ber in Northern Minnesota. This  
was revealed by the public safety  
commission today.

**ORGANIZE TO SELL  
BONDS IN COUNTY**Bankers Appoint Executive and Ad-  
visory Committees to Boost  
The Liberty Loan**ANOTHER MEETING FRIDAY**Townships Without Banks Are Rep-  
resented by Trustees on the  
Advisory Committee

The bankers of the county organ-  
ized yesterday afternoon for the  
purpose of pushing the sale of  
Liberty Loan bonds by appointing  
executive and advisory committees.  
All but one or two banks were rep-  
resented. They met in the directors  
room of the Rushville National Bank  
yesterday afternoon at four o'clock  
and will meet again at the same  
place and hour Friday afternoon.

The executive committee is com-  
posed of five bankers and the ad-  
visory committee consists of a rep-  
resentative of each bank in the  
county and the trustees of three  
townships in which there are no  
banks.

The executive committee is com-  
posed of Ralph Payne, chairman of  
the Peoples National bank; Wilbur  
Stiers, secretary, of the Rushville  
National bank; Lon Link of the  
Rush County National bank; T. K.  
Mull, of the Manila bank, and  
Howard Henley, of the Bank of  
Carthage.

The advisory committee is com-  
posed of the following: J. F. Down-  
ey, Posey township; H. O. Gross,  
Walker; Perry T. Innis, Anderson;  
Bert B. Benner, Center; J. F. Rich-  
ardson, Union; A. E. Bilby, Jack-  
son; Gus E. Riley, Orange; E. A.  
Farthing, Richland; and A. L. Win-  
ship, L. M. Sexton, A. B. Irvin, E.  
B. Thomas and Carl E. Webb of  
Rushville.

The bankers were all urged and  
promised to advertise the Liberty  
Loan bonds in their respective com-  
munities by every means they know.  
They were urged to have the bonds  
referred to at public meetings and in  
the press of their homes.

That the campaign in the county  
for the sale of the bonds is begin-  
ning to have effect is disclosed by a  
story told by a Rushville banker  
today. He said a woman called at  
his bank and asked for a subscrip-  
tion blank for the Liberty Loan  
bonds. She said:

"I want to subscribe for some of  
the 'Liberty Loan' bonds. I consid-  
er them an ideal investment from  
the standpoint of security and rate  
of interest, together with the fea-  
ture of being exempt from all tax.  
Also, I want to have as large a part  
as possible in upholding and pre-  
serving the laws of humanity and  
the rights of American citizens un-  
der the law. It is plain that our  
democratic form of government, the  
freedom of the seas to our people,  
and even our very existence as a  
people depends upon the speedy suc-  
cess of our arms. The war must be  
financed. Everyone should buy a  
bond at once—as large a one as  
possible."

**TISZAS' MINISTRY RESIGNS**Friction Arises in Hungary Because  
of Unrest of People

(By United Press.)

Amsterdam, May 23.—Count Tis-  
zas' ministry has resigned, accord-  
ing to dispatches received here to-  
day.

There have been frequent rumors  
of friction in the Hungarian cabinet  
due to unrest in Hungary and the  
progress of the peace movement.

—Mrs. J. D. France of West Mid-  
dletown, Pa., and Mrs. D. C. France  
of Pittsburgh, Pa., are the guests of  
the Rev. and Mrs. C. M. Yocum. The  
former is Mrs. Yocum's mother and  
the latter, her sister-in-law.

**SOME CONFUSION  
OVER REGISTERING**People Get Mixed Over Conscription  
and Election Laws—Former  
One Day Only, June 5.**FOR MEN BETWEEN 21 and 30**All Men and Women Who Expect to  
Vote Must Register Between  
June 22 and Aug. 20**MEETING SATURDAY**

All of the precinct registrars  
have been called to attend a  
meeting here Saturday after-  
noon at 2:30 o'clock by the  
county conscription board. The  
meeting will be held in the as-  
sembly room and at this time  
the registration law will be  
explained and the supplies  
passed out. The county board  
wired the governor this morn-  
ing that all the supplies had  
been received and that the  
Rush county board was ready  
for the work.

Considerable confusion has result-  
ed here over the two registration  
boards—the conscription registration  
board and the registration board for  
the election of delegates to the con-  
stitutional convention. The two  
boards are not connected in any way  
and should easily be distinguished  
by the voters.

The conscription board will meet  
on June 5 when all men between the  
ages of 21 and 30, inclusive, will go  
to the precincts in which they vote  
and register for the conscript army.  
The election board will not meet until  
June 22 in the court house and con-  
tinue in session sixty days.

The registration for the conscript  
army will be made by precincts, the  
usual voting places being used. The  
board, composed of Clerk Moore,  
Sheriff Cavitt and Dr. W. S. Cole-  
man will give out the supplies and  
take care of the returns. They will  
have nothing to do with the actual  
registration and there is no need for  
any one going to the court house to  
register on this day. The only oc-  
casion one would have for going to  
the board's office in the court house  
would be to get one of the registra-  
tion cards should he know he would  
be out of the city or county on the  
day of the registration.

The registration law provides that  
a resident of this county away from  
home, may after tomorrow go to the  
clerk of the board in the county in  
which he is located and fill out one  
of the cards. The clerk will certify  
it and the conscript will then mail  
the card to the precinct registrar  
in care of the sheriff. The sheriff,  
in turn will see that the card reaches  
the proper registrar. Failure to  
register is punishable by not less  
than six months in jail.

There is really no occasion for  
any confusion over the two registra-  
tion boards. The registration board  
for the election will have quarters  
in the court house and one must go  
there to register. This registration  
is for everyone who intends to vote  
for the election of delegates to the  
constitutional convention on Septem-  
ber 18; also in the city election next  
fall.

The supplies for the conscription  
registration will be given out  
Saturday. The men who will  
have charge of the registration  
by precincts will call at the clerk's  
office on this day for their sup-  
plies. The township trustees are  
the inspectors in the precincts in  
which they reside. The other ap-  
pointments have been made.

It has been estimated that near-  
ly 1,500 men will register on this  
day, June 5. It is believed there are  
about this many men in Rush coun-  
ty between the ages of 21 and 30.

—Mr. and Mrs. David Kirkpat-  
rick and daughter Ossa of Palmouth  
spent the day in this city.

**IS LICENSED AS  
A LOCAL PREACHER**E. B. Marlatt, Head of High School  
English Department, Will At-  
tend Theological School**M. E. CONFERENCE CLOSES**

Earl B. Marlatt, in charge of the  
English department of the high  
school, was licensed as a local  
preacher at the annual conference  
of the Connersville district of the  
Indiana M. E. conference, at Arling-  
ton yesterday, and will attend theo-  
logical school next year preparatory  
to becoming a minister in the M. E.  
church. It was announced today  
that he had been considering this  
step for sometime. Sam C. Wag-  
oner, also of this city, likewise was  
licensed as a local preacher.

The annual conference closed last  
night with an address by the Rev.  
Frank C. Loveland, pastor of Meri-  
dian Street M. E. church of In-  
dianapolis. The place of the next  
meeting was left with a committee  
to determine.

Dr. J. W. Duncan of Indianapolis  
spoke yesterday, representing the  
Preachers Aid society. Fred Hoke,  
a layman, was to have talked on  
the same subject, but was unable to  
be present. An interesting feature  
of the program was two addresses,  
"If I Were a Preacher," by Prof. W.  
E. Wagoner of the Milroy high  
school, and "If I Were a Lay-  
man," by the Rev. S. J. Cross.

**WOMAN ARRESTED FOR  
HARBORING FUGITIVE**Blanche Gilson Held When Charles  
Bennett, Wanted for Robbery,  
is Found at Her Home**CHARGED WITH BRASS THEFT**

Charles Bennett was arrested this  
morning by Deputy Sheriff Sullivan  
on a grand larceny charge and Mrs.  
Blanche Gilson was arrested on a  
charge of harboring a fugitive. Ben-  
nett has been wanted for some time  
in connection with the theft of some  
brass from two traction engines at  
the fair ground, the property of Bert  
Medlwaime.

This morning when Deputy Sheriff  
Sullivan went to the Gilson home in  
South Pearl street where Bennett  
roomed, Mrs. Gilson told him he was  
not there. Sullivan continued his  
search and found Bennett in bed.  
The police also searched the Gilson  
home, believing Bennett might have  
some stolen property there but  
found only a revolver and a pair of  
brass knuckles. Bennett entered a  
plea of not guilty and went to jail  
in default of \$500 bond.

Mrs. Gilson's bond was also  
placed at \$500 by Judge Sparks.

**FIVE MEXICANS CAPTURED**Caught by Troops Trying to Smuggle  
Munitions Across River.

(By United Press.)

El Paso, Texas, May 23.—Five  
Mexicans were captured by United  
States troops last night, it became  
known today. The men were at-  
tempting to smuggle munitions into  
Mexico. Several thousand cart-  
ridges were seized. The capture  
marked the second smuggling to be  
foiled within the week and brings  
the total number of men captured up  
to 21.

**ADMITS SHORTAGE; MISSING**

(By United Press.)

Fort Wayne, Ind., May 23.—John  
Wessel, Jr., was missing today af-  
ter having confessed to a shortage  
of \$8,370 in his accounts as man-  
ager of the municipal light plant of  
this city, covering a period of three  
years. The shortage has been made  
good by his mother.

**WORK OF THE RED  
CROSS IS PRAISED**Speakers at Meeting Emphasize Hu-  
manitarian Side of Society Be-  
ing Organized Here**F. H. GAVISK UNABLE TO COME**Dr. S. H. Canton of Indianapolis, E.  
B. Thomas and the Rev. M. W.  
Lyons Make Addresses

That the Red Cross movement is  
a New Samaritanism which is des-  
tined to fill the prophecy of the  
Bible, was the declaration of Dr.  
Charles H. Canton of Indianapolis,  
who spoke at the Red Cross meeting  
last night at the Graham Annex in-  
stead of the Rev. Father Francis H.  
Gavisk of Indianapolis, who was to  
speak but who was unable to come  
because of an injury to his foot  
suffered yesterday.

Dr. Canton asserted that the Red  
Cross Society will broaden the peo-  
ple of the United States, make them  
less partisan and sectarian and will  
make Americanism a real and vital  
force in the affairs of the world. He  
declared that the present way would  
lay a heavy debt against civilization,  
but that if it accomplished  
nothing else, it would teach the  
United States that it has a part in  
international affairs and that the  
people across the water are next  
door neighbors of America.

E. B. Thomas, chairman of the  
Rush county chapter of the Red  
Cross, presided and introduced the  
Rev. W. M. Lyons, who was to have  
introduced Father Gavisk, but who  
was asked to say something in re-  
gard to the Red Cross work. Mr.  
Thomas also spoke after Dr. Canton  
had concluded and made an appeal  
for the support of every man, wo-  
man and child in Rush county for  
the Red Cross. When he had finish-  
ed, cards were passed among the  
audience and many signed, becom-  
ing members of the society.

The Graham Annex auditorium  
stage was most beautifully deco-  
rated for the occasion. Sticking out  
from the footlights were flags of  
all America's allies—England,  
France, Russia, Belgium, Italy and  
Japan. Huge baskets of flowers  
were arranged artistically across  
the front of the stage and American  
and Red Cross flags were draped  
over the tables and the piano. The  
background of the stage was a mass  
of American and allied flags.

At the opening of the meeting the  
audience sang "America" and Mrs.  
Carl F. Beher and B. F. Miller sang  
a duet, and when the applause was  
insistent, they sang "Tenting To-  
night." Mrs. Beher then sang "Bat-  
tle Hymn of the Republic," the au-  
dience joining in the chorus.

"Every seat here should be filled  
tonight," said Mr. Thomas in open-  
ing the meeting. "The Red Cross  
movement—rather the Red Cross  
Association, because it is more than  
a movement—is worthy of support.  
This is only the beginning of the

Continued on Page 4.

**He Read Every Word;  
Shucks!--So Do We**

Thomas Bailey Aldrich  
wrote in "The Story of a Bad  
Boy": "Grandfather spent his  
evenings in the home engrossed in  
his newspaper; and he read every  
word in it." The grand-  
father of the famous author lived  
many years ago. Even at that  
early date he recognized a tre-  
mendous advantage in conscien-  
tious newspaper reading, and it is  
safe to presume he got his  
money's worth. There are  
thousands of people in Rushville,  
who, like the elder Aldrich, fine  
comb the Daily Republican to  
the last word—which is a suffi-  
cient guarantee that the men who  
advertise their globe-trotting pro-  
ducts in The Daily Republican  
Get Their Money's Worth.

## BRAZIL AGAIN IS ON VERGE OF WAR

President Braz Calls Special Meeting of Cabinet to Discuss Sinking of a Vessel

PRESUMABLY BY THE GERMANS

(By United Press.)

Rio De Janeiro, May 23.—President Braz called a special meeting of the cabinet today to discuss the sinking of a Brazilian steamer, presumably by a German submarine.

Public excitement is at the highest pitch in view of the almost universal belief that Brazil will declare war on Germany.

"Brazil is not declaring war on anybody," declared the foreign minister today. "She is only defending herself. It was Germany who declared war when she announced her purpose to sink neutral ships."

## AMERICA PREPARING.

Washington, May 23.—One-half cup of milk wasted daily by every family in the United States would involve a total waste of 912,500,000 quarts a year, the produce of 400,000 cows, the Department of Agriculture estimates today in a bulletin urging war economy.

Lorain, O., May 23.—Business men and merchants here have promised to spend a week of their summer vacation helping farmers harvest their crops.

Los Angeles, May 23.—Sheriff Cline has turned 125 picked deputies over to federal authorities for military training and will increase the number to 400. They will be returned to the sheriff a trained and armed home defense force.

Portland, Ore., May 23.—The Oregon Patriotic Service League today has collected and sold several tons of old papers and periodicals and will continue the campaign to raise a defense fund.

Try Wolcott's Chocolate Soda. Nothing like it in Rushville. We will leave it to you. 59c.

## FOOD BILL UP IN SENATE AND HOUSE

Big Fight to Determine Scope of Government Control Gets Under Way in Congress Today.

APPROPRIATIONS OF \$15,000,000

Agriculture Committee Says They Are For Purpose of Stimulating Production in Country.

(By United Press.)

Washington, May 23.—The big fight in congress to determine the scope of food control by the government during the war was launched today.

Both in the house and senate the first of the two administration food bills were reported.

They provide a thorough survey of all food production, money for seed and appropriations to prevent waste and to eliminate plant and animal diseases.

Appropriations under the measures total \$15,000,000.

According to the report of the agriculture committee to the house and senate the bill is desired to "stimulate the production of foodstuffs with a view to relieve the present emergency."

It does not undertake to deal with problems of conservation, distribution, regulation or control. These features will be taken up in a separate bill later. Little opposition is expected in either branch on the measure. It will enable the government under the direction of Herbert C. Hoover, new food administrator, to begin at once a careful inquiry into the food situation in the United States.

## OHIO DEDICATES A MONUMENT TO SONS

Erected to Memory of Men Who Fought in Battle of Lookout Mountain

GOV. JAMES M. COX SPEAKS

(By United Press.)

Lookout Mountain, Tenn., May 23.—The new monument erected by the state of Ohio commemorating the bravery of her sons who fought in the famous battle that took place here Nov. 24, 1863, was formally dedicated today.

The monument, in the form of a granite column located just below the summit of the mountain, is nearly 125 feet high.

Exercises were in charge of the Lookout Mountain memorial commission of Ohio, composed of soldiers of regiments which took part in the engagement. Members of the commission are Samuel H. Bolton, McComb, chairman; Charles W. Wheeler, Roseburg; Charles H. Grosvenor, Athens; Alfred E. May, Oberlin; Moses Hill, Morrow and Benjamin Emery, London.

Governor James M. Cox was the principal speaker at the dedication. He attended with members of his military staff, including Adjutant General George H. Hood.

The names of each organization and the commanders will be inscribed on tablets at the base of the monument.

## JULY WHEAT 4 CENTS LOWER IN CHICAGO

Other Grain Quotations Show Only Slight Decreases—Hogs Off Fifteen Cents.

RECEIPTS ARE THE SAME

July wheat in Chicago was four cents lower today, but other Chicago grain quotations were off only fractions of a cent.

Indianapolis hog prices were off fifteen cents with receipts just the same as yesterday.

September wheat in Chicago was down a cent and July corn was three-eighths of a cent lower. September corn was down a quarter of a cent. July oats declined a quarter of a cent and September, an eighth.

Indianapolis wheat was three and a half cents lower. Corn was steady to higher and oats was steady to lower.

Local grain quotations remained the same.

## DEVICES TO FIGHT U-BOATS ARE TESTED

Two Have Undergone Preliminary Successfully And Are Being Made in Large Sizes

MARCONI WILL HELP AMERICA

(By United Press.)

Washington, May 23.—Exhaustive tests of several promising devices to fight the submarines are under way, it was announced at the navy department today. Two devices have undergone preliminary tests and are now being constructed in large sizes for use on ships. The first tests were made on models.

Tests on devices acting as a shield for the hull of ships have been made but are unsatisfactory.

Several inventions of Hudson Maxin are being considered by the navy consulting board. Naval officials asserted that many other war inventions, for anti-submarine devices are under consideration.

Marconi, wireless inventor, who is a member of the Italian war commission, will spend much time in consultation with the United States naval board.

### LAUNCH FARMING PLAN.

(By United Press.)

Sacramento, Calif., May 23.—Fifteen big farms conducted by state institutions will produce food for the 16,000 inmates of the institutions this year. Freeman H. Bloodgood, member of the board of control predicted today. Under war economy pressure, production on these farms will be increased 25 per cent.

### BRIDGE 34 YEARS OLD.

(By United Press.)

New York, May 23.—Thirty-four years ago today Brooklyn Bridge was opened to the public. War prevented any celebration being planned. Armed guards now patrol the bridge night and day, keeping the crowds moving, forbidding the taking of photographs and sometimes searching suspicious bundles.

Anderson—Physicians of Madison county have agreed to save the practice for physicians in the county jail who join the United States medical corps.

## RUSSIAN PREDICTS REPUBLIC OF PEACE

Premier Lvoff of Provisional Government Sends Message to American People Today

### NEW RUSSIA IS FORESEEN

(By United Press.)

New York, May 23.—Predicting that a Republic of Peace will rise in Russia after the war, Premier Lvoff of the provisional government today sent a message to the American people, through Isaac F. Marcossou, representative of Everybody's Magazine.

"The newest of democracies greets America with peculiar fervor, because it feels that the American people can readily understand what the great Russian revolution means," said Lvoff. "Autocracy in Russia is dead forever. In its stead will soon rise a Republic of Peace."

"We wish America to realize thoroughly that there can be but one result of the great upheaval, and that result a real democracy modeled along the lines of the American republic, creating a government by and for the whole people. It will mean justice and opportunity to everybody."

"The name Russia once meant darkness and oppression. It will now mean light and freedom. The New Russia will be the frankest and most liberal of republics. In New Russia the Jew and Gentile are brothers."

"We want America to know that Russia will continue the war to a peace dictated by allied victory. The revolution, which wiped out pro-German conspiracies against national life, insures the result. Only on complete victory can our Republic of Peace be reared. In that struggle we are proud to have America as an ally. Russia looks to America for fresh bonds and new, lasting commercial democratic kinship."

## CLASS DAY OBSERVED AT THE HIGH SCHOOL

Seniors Read Their History, Prophecy, Poem and Will and Sing Class Song

### IS LAST WEEK OF SCHOOL

Senior class day was celebrated at the high school assembly yesterday afternoon at two-thirty o'clock, as a part of commencement week festivities.

The program opened with the singing by the school of "A Band of Students in R. H. S." The class oration was read by Miss Harriet D. Smith, president of the class. The class history was presented by Miss Nola Roth. The class joke book, written and read by Miss Hermoine J. Hughes, created a lot of fun. The class poem was written and read by Miss Valeta Walton. The class will, prepared in true legal style was given by John Fleehart. The class song, which was composed by Miss Mary Louise Bliss, was sung by the class and the class prophecy was read by Miss Golda Jackson. The prophecy consisted of items from the Rushville Daily Republican of May 22, 1917. The program closed with the singing by the old school of "Good-bye Dear Old High School Days," the new high school song introduced for the first time at the Junior-Senior reception last Friday night.

## GERMANY ONCE MORE IS PEACE PLOTTING

Propaganda Starts After Repulse of Attempts For Separate Agreement With Russia

### HINDENBURG SCHEME SEEN

(By United Press.)

London, May 23.—Germany is peace plotting again—after a lull in propaganda efforts to this end following repulse of her attempts to coax Russia into a separate agreement.

The Teutonic efforts were revealed in dispatches today from several European cities. Coming at a time when Premier Ribot's statement of France's aims in the war were prominently displayed here, as well as a statement of America's position, there seemed little likelihood of the German move succeeding.

France's peace terms as outlined by Ribot are no forced annexation, no contribution and restitution and reparation.

Amsterdam reported against this, the growth of a Hindenburg peace plan in Germany, urging no annexations and no indemnities as a catch phrase, but in the same connection urging retention of French and Belgian iron districts and the Belgian coast.

### MUNITIONS EXPERTS MEET.

(By United Press.)

Cincinnati, O., May 23.—Munitions experts attending the engineers convention here met today and heard an address by Major E. D. Bricker, ordnance department, Frankfort arsenal. All phases of shell manufacture were discussed. The American Society of Mechanical Engineers and the National Machine Tool Builders Association are meeting here.

## SEVERAL SMALL CASES ARE SETTLED IN COURT

Walter E. Smith Gets Judgment of \$14.60 and Claim Against Furry Estate is Dismissed.

### MRS. PRICE GIVEN ALLOWANCE

Several cases of minor importance were disposed of in circuit court today. Walter E. Smith was given a judgment against Ed Bowen on a note for \$14.60 including \$5 attorney fees. A mortgage was ordered foreclosed.

The claim of Rachel Ginn against Howard E. Barrett, administrator of the estate of the late Nancy Furry, for \$33 was dismissed and the costs paid. The suit of the Donald-Richard Company against E. R. Casady was dismissed and the costs paid.

A hearing was held on a motion for an allowance in the divorce suit of Orla Price against Mabel Price, and Mrs. Price was given the sum of \$5 a week pending the final trial of the case and \$20 attorney fees. The allowance is to date from May 14.

## FALMOUTH GREEN HOUSE OWNER DIES

Fred P. Colyer, Age 34, Dies Tuesday Night of Heart Disease After a Brief Illness

### FUNERAL TOMORROW AT 2 P. M.

Fred P. Colyer, 34 years old, owner of a green house in Falmouth, died last night at 10:45 o'clock following a short illness from heart disease. He had been ill but a few days and Sunday was taken worse and his death was expected. Mr. Colyer was the son of Mr. and Mrs. Alfred Colyer and was widely known.

Besides his parents he is survived by three brothers, William, Gus and Lowell Colyer and one sister, Mrs. Gertie Knotts, all of the Falmouth community.

The funeral cortege will leave the residence tomorrow afternoon at two o'clock and the funeral services will be conducted in the Fairview church by the Rev. M. S. Taylor of Milton. Burial will take place in the cemetery there.

### Amusements

The attraction at the Gem tonight will be "The Love Hermit" starring the great screen favorite William Russell, who ranks second to none in his profession. He will be remembered by his previous plays "The Highest Bid," "The Strength of Donal McKenzie" and "The Man Who Would Not Die." He is supported by Charlotte Burton who has played opposite him in each of his former plays. Tomorrow Gladys Brockwell will be seen in "The Sin of Her Parent."

The Princess offers Lionel Barrymore and Marguerite Kirvin in the five act romance "The Upheaval" for the program tonight. It is a story of everyday life and there are many big scenes. In addition to this picture "Pathe News" will be shown. Tomorrow the next chapter of "Patria" will be shown.

**Senreco**  
The double-service tooth paste, keeps teeth clean AND GUMS HEALTHY.

Keeping the gums healthy and the mouth sweet is very important to health; more teeth are lost through the loosening of the tissue that holds the teeth in place than from decay.

Dental science to-day demands that a tooth paste must keep the gums healthy as well as clean the teeth.

Senreco was formulated to meet this requirement. Hundreds of dentists are prescribing and using Senreco because they have found that it does measure up to that standard.

### SENRECO IS A WONDERFUL CLEANSER.

In addition to its remedial properties Senreco is a wonderful cleanser; acts directly on the mucin film, the basis of tartar; leaves the mouth cool and clean-feeling. As some one has expressed it—Senreco gives one a new idea on mouth cleanliness.

Get a tube to-day at your druggists or toilet counter—enjoy the healthy, cleanly feeling its use gives your mouth and gums. Notice how brilliantly white Senreco makes your teeth. It performs this two-fold service for you and yet costs no more than the ordinary, old-fashioned tooth paste that simply cleans the teeth and leaves a pleasant taste—25 cents for a large 2 ounce tube.

#### Food Saving by Substitution

The announcement that grains suitable for human food will no longer be fed to horses in Great Britain calls attention to the possibilities of gradually enlarging the production of the world's food supplies by utilizing for that purpose the vast areas now devoted to producing grain for horses, for which the world is rapidly substituting power driven vehicles and cultivators.

A compilation by the National City Bank of New York shows that this process of substituting the motor for the horse on highways and farms has already made rapid progress in the United States. The number of horses on farms in the United States in 1917 is no greater than in 1910, while population has meantime increased 13% and these changes do not include the horses in cities; where the substitution of power drawn vehicles for those drawn by horses is even greater than on the farm. The total number of horses in the entire United States in 1917, including farms and cities, is probably less than in 1910, while population to be fed has increased 13%.

Meantime the transfer of production from oats, chiefly used as food for horses, to that of wheat as food for man, seems to have been even more rapid progress. The number of acres devoted to the production of oats in 1916 showed an increase of less than 11% over that of 1910, while the acreage devoted to wheat in 1916 showed an increase of 27% over that of 1910, corn also showing an increase, though not as great as that of wheat.

During the 1910-1917 period in which the horses in the country showed a slight decline, and the acreage devoted to the production of their food showed a less gain than that of food for man, the production of petroleum used as food for the road and farm machinery taking the place of horses shows an enormous increase. The quantity of petroleum produced in the United States was in 1910 8,801,000,000 gallons, and in 1916 12,264,000,000 gallons, an increase of approximately 50%.

Meantime there has been an enormous growth in the number of power driven road and farm vehicles and tractors, the Census of 1915 showing over \$500,000,000 worth of automobiles produced in 1914 against a production of less than \$200,000,000 worth shown by the Census of 1910. Of farm tractors the statistics while incomplete are sufficient to show plainly that they are now performing much service for which the farmer was formerly dependent upon the grain consuming horses. A recent statement by the Department of Agriculture shows as a partial census of tractors in the United States 34,371 actually in commission, and representing every State of the Union. Very recent reports indicate large numbers of farming tractors being purchased for community uses, and a single manufacturing concern in Ohio reports contracts for agricultural tractors aggregating at present \$15,000,000, with prospects of \$50,000,000 during the year.

#### Let the Government Act

The foodstuffs of the country are in the hands of a horde of unprincipled scoundrels who are sucking the nation dry in their efforts to get rich quick from speculative profits. They will continue to suck and bleed as long as there is a pound or a dollar left unless the government is quick to act.

With the young manhood of the nation marching out to war and death, it is a crime against the state for these leeches to be allowed longer to prey upon the helpless public.

The government should daunt without an hour's delay. We are a peace loving people, but pleading and cajoling has no effect.

We crush the serpent beneath our heel, but we allow these heartless and soulless robbers to thrive.

It is unthinkable—it is intolerable.

The food speculator must go. Let the government act!

#### A Great Statesman

Elihu Root is considered one of the greatest statesmen this Republic ever produced. His appointment as head of the American Commission to Russia is the greatest, and only, concession that President Wilson has made to the spirit of non-partisanship. Root can point the way for the Russians. Can he persuade them to take that way? If he does he will go down in history as the greatest statesman of the age. And Root in 52 years of service to mankind has yet to fall down on his job. His greatest opportunity comes near the close of his career and he has the confidence of the country.

On the ways and means committee of the house of representatives, the democrats have 13 members and the republicans ten. Among the 13 democratic members there are 12 lawyers and one producer of crude oil and natural gas—not a manufacturer in the bunch. Among the ten republicans there are five lawyers, three manufacturers and two men engaged in other business enterprises. The ways and means committee drafts the revenue bills—the tax bills—for Congress. In 1917 as in 1913, the revenue bills are exerting an enormous influence upon American business.

The president of the American Goat Breeders' Association advises the department of agriculture to help solve the food problem in the matter of meat, milk, and leather by civilizing the Mexican goat. The administration tried that on Caranza's goat, but failed lamentably.

At the present express rate of speed of the congressional slackers and porkers and obstructionists we will have an army of a hundred men in France in about fifty years.

The high cost of living has struck Africa. Missionaries are probably becoming skinny and scarce.

It is quite safe to annex a June bride—provided you are 31 or over.

#### WORK OF THE RED CROSS PRAISED BY SPEAKERS

Continued from Page 1.

campaign in which we hope to appeal to every man, woman and child in Rush county."

Father Lyons spoke feelingly of Father Gavisk and expressed genuine regret at his injury which prevented his coming. Father Lyons is intimately acquainted with Father Gavisk, having served under him in his first work after being ordained. He said it was characteristic of the man to give his time and talents to great work, such as the Red Cross movement.

"A man is dull indeed," continued Father Lyons, "who can not say a good word for the Red Cross. Whatever your opinions may be, there is no doubt about the worthiness of the Red Cross. I am happy to be able to say a word, on my first appearance before a Rushville audience, for a cause so worthy, so honest as this movement."

"So secure are we here in Rush county that we are apt to be slow in taking hold of this movement. We may be too self-satisfied, but we should support a work like the Red Cross. I had a dispute today whether Tipton or Rush county was the best. I hope that my contention will be supported and that when the returns are all in, Rush county will be well up in the list of counties in the state in supporting the Red Cross

## THE GRADUATES

(By Robert E. Mansfield.)

The time and the season admonishes us that commencement is at hand. Our high school seniors are regarding with trepidation the few remaining hours which, in the final examinations, shall be deemed some sort of a test of their worth as students.

On Sunday evening last the seniors listened to a splendid address, full of philosophic reasoning and good advice, by the Rev. W. M. Whitsitt, and on Friday evening they will receive their diplomas, certificates of honor for their industry, and accomplishments. The proud moment when they shall receive these honor scrolls will soon arrive, the eloquence of the class orator will die away on the balmy spring air, and the course of the high school will be theoretically finished.

The schools and colleges all over the land are turning out an army of chickens successfully hatched, and in a promising state of fledging after a long period of tender brooding on the part of their alma maters. They are proud of their success, and commendable in their pride. And now will self-styled, self-made men improve each shining moment in criticizing the school and college chicks, trying to make people believe that students lose too much time in getting ready to live.

The student who is doing good and methodical work is not getting ready to live—he is already alive, and keenly alive to the grand possibilities and the grave responsibilities of life. The time spent in well directed study is not lost. It is well invested, and any opportunity passed by the student because he is a student, is not the opportunity that shall lead him to the high plane where his manhood shall mellow and expand in the manner his nature foretells through his desire.

The question naturally arises what are the graduates going to do? The choice of a profession should be made long before the school days are ended. The young man who enters upon the duties and responsibilities of life without a definite object in view is in danger of being wrecked upon the breakers and devoured by the sharks that await the fall of the unwary. The chosen profession is one that broadens as it is followed. If the aim is high and ennobling, so much the better.

But is it not the future of the boys alone that is perplexing. The future of the girls who are yearly being

graduated from our schools and colleges, is also a question of importance. Since the growth of civilization has demanded, and does demand, the higher education and culture of women, ambitions as well as sweet and romantic dreams find lodgement in the girl's busy brain. Must all the ambitions of an aspiring young woman be vented in her graduating essay? What a vexatious period of weary inactivity crowds close upon her active school days. Where shall she find employment to satisfy her heart and hand? To what shall she turn to gratify the longings of ambitions aroused by her studies and encouraged by the trend of the times?

Three avenues are open to her—society, domestic life and a career. There is many a school girl whose ambitions are materializing, and will not be shut in, or limited by the near horizon of locality; who will strive to carry her mind and heart and work as far as fancy soars. She may be an artist, a scientist, a writer, a reformer, or she may enter the domain of politics, as that avenue is now open to her, as well as to mere man. But whatever career she chooses there will be an army of critics rise up to crush her and tell her how the world regards a woman with a career.

For many reasons, women who value peace of mind and the tender ministrations of love, avoid a career, or choose rather domesticity, home duties and home joys. Some claim that woman is happier without ambition, but such is not necessarily the case. A kitchen and a library may dwell peacefully under the same roof. The path of domesticity, society and usefulness run parallel for many a mile, and it is well for woman to choose that road whence society, duties and pleasure are all attainable.

Few women are happy without a home. It is in the home and the home-like atmosphere that she finds her greatest happiness; where she finds her highest social plane, and where her soul breathes in its natural freedom. This does not, however, necessarily destroy her ambition. Let domestic duties and home influences be combined with the love of wisdom, the interest in study, the desire for fame, the striving toward a noble and helpful life. These will develop breadth and beauty of nature, nobility of character, as well as practicability—essential elements in the nature of a lovable and perfect woman.

#### Society."

Father Lyons introduced Dr. Canton, who reviewed the history of the Red Cross briefly, recalling how Clara Barton, after her wonderful work among the wounded in Europe, came to the United States and appealed for the recognition of this government.

"The Red Cross is helping," he said, "to establish a New Samaritanism that would not only pick up the man by the roadside, but go down to Jericho and clean out the thieves. Every man, woman, boy and girl should feel compelled to belong to the Red Cross because it is above narrow sectarianism; it is not partisan; it is absolutely neutral; it is more like any band of disciples that ever went out to work for the Master. It is helping to relieve the wounded; it is helping to save the soldiers; it is helping to make us more unselfish; it is helping to take us out of our narrow ways. It is a challenge to the greatness of America; it is a test of Americanism."

"We are yet at the unfinished business of establishing democracy. We have a great labor before us. We have inherited great things but we owe the world greater things—to hand down to future generations the civilizations and culture which we have inherited. We are compelled to think in world terms."

Mr. Thomas spoke briefly at the conclusion of Dr. Canton's talk. He said it was difficult to believe that we of Rush county are at war, but that the seriousness of the situation was just beginning to dawn on the average person.

"It is true we are not drilling and preparing to go to war," he continued, "but if we are not preparing to do our part we are failing in our Americanism. We should all feel an individual responsibility."

"The Red Cross is recognized by our government. It is endowed so

that the expense of administration is met. Ninety-five cents out of every dollar contributed to the Red Cross goes for relief. Many ask questions whether they are expected to serve in the war if they join. There are no obligations in joining except to pay a dollar. No service away from home is required. Mr. Thomas pointed out that America had not responded to the appeal of the Red Cross as other countries have, citing the small membership in the United States as compared to other world powers. He said that from a selfish point of view the Red Cross should be supported because an American hospital corps had already landed in France to care for the American soldiers who will soon be on French soil. He showed that besides that viewpoint, there was the broader, humanitarian side to be considered.

#### TEN PASS TEACHERS TEST

Of Those Graded by State Authorities, 27 Get Passing Grades

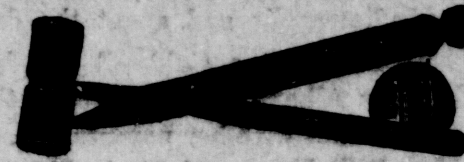

Supt. George has completed grading the papers for the April teachers' examination and has received a report from those papers graded by the state authorities. Of the papers graded here ten passed, seven failed and five were conditioned. Of those graded by the state authorities twenty-seven passed and three failed. The regular May examination for teachers will be held Saturday.

## ISMADE WARD OF THE COURT

Adopted Son of John Wildig is Sent to the Orphans Home

Earl Wildig, an adopted son of Mr. and Mrs. John Wildig, was made a ward of the court this morning and sent to the Indianapolis

Orphans' home. The boy, who is a son of George Earhart, was adopted last winter by the Wildigs. There is no way to set the adoption aside, but he was incorrigible and was brought into juvenile court as a delinquent child.

James W. Carlisle is not a representative of the Phoenix Mutual

Life Insurance Company, and we will not accept applications through him or be held responsible.—James M. Woodhouse, Supervisor, Indianapolis, Ind. 5913

—Miss Edith Kammerling of Chicago came today for an extended visit with Mr. and Mrs. Hugo Schmalzel and family.

## WIGGAM PRAISED AS MATCHLESS ORATOR

Lecturer to Speak at Commencement is Complimented by Ralph Parlette

BRINGS THOUGHTS OF LINCOLN

The people of this community will have an opportunity to hear one who is styled "the matchless orator," when Albert Edward Wiggam speaks at the commencement exercises at the Graham Annex Friday night at eight o'clock. It is stated that the lecture will be so full of inspiration and up-to-date thought that no one should fail to hear him. It is declared that no part of the house will be a poor seat for Mr. Wiggam can be heard in the largest chautauqua auditoriums. The seats are on sale at Hargrove and Mullin's drug store and may be purchased any time up to Friday evening at 6:30. After that tickets may be bought at the Graham Annex.

Ralph Parlette says about Albert Edward Wiggam, "When God makes an ugly man, he gives him brains enough to make up for it. Seems like when he saw Albert Edward Wiggam, he saw the need of special effort—gave him brains in an overdose, wit inexhaustible, eloquence inspiring. Ten years ago I first heard him and marveled. He has been growing every minute. He has arrived—arrived long ago—but mark it, this is only the beginning of Wiggam's real career. He is to become one of the great figures in the lyceum—that skinny, shambling tower of bones. Down in Indiana they call him the second Beveridge, but I get to thinking of Lincoln when I see him."

## MORE GUARD UNITS TO BE ORGANIZED

Scores of New Regiments of Artillery, Engineers and Cavalry Asked by War Department.

SOME SURPRISE IN INDIANA

Adj. Gen. Smith Says he Had Previously Been Ordered to Have Cavalry Serve Dismounted.

Washington, May 23.—Organization of scores of new regiments of National Guard artillery, engineers, signal troops and cavalry will be undertaken soon to supply the tactical formations necessary for the establishment of the sixteen divisions of the guard provided for in the War Department's plan.

In addition to these troops, immediately after the existing state soldiers have been drafted into the Federal service, there must be organization, divisional headquarters, detachments, supply, ammunition and medical trains, heavy field artillery and signal battalions, an aero service, two cavalry divisions and many new coast artillery units and reserves.

Comparison of the organization tables for the sixteen infantry divisions with the existing guard establishment shows that in the infantry the arm of the service in which the guard is strongest, thirty regiments and six companies must be created to provide the 144 regiments for the divisional structure.

The principal shortage is in field artillery. Each of the sixteen divisions requires three full regiments of batteries each or a total of 288 batteries. There now exists in the guard 108 batteries.

The shortage in engineers is almost as great. There will be needed sixteen regiments, or a total of ninety-six companies, whereas there are now only thirty companies.

Each division also will have an aero squadron or balloon company, making sixteen air service units. New York has one aero squadron less one company.

The first effort of the department is to bring up to full war strength all existing units of the guard. When that has been accomplished and the force has been drafted, the next step will be to create the new units necessary to complete the sixteen infantry divisions, and the adjutant generals of the states have been instructed that they should prepare for these new organizations without delay.

### SMITH IS SURPRISED.

Indianapolis, May 23.—Adj. Gen. Harry B. Smith expressed surprise last night at dispatches from Washington announcing that a regiment of cavalry was included in Indiana's apportionment of the new National Guard units. He said that the War Department had ordered all cavalry to serve dismounted and that the Indiana squadron had been converted into infantry. Steps toward organizing the new units will be taken immediately upon official advices from Washington, which are expected today, and the Indiana guard strength, with the additions, will be five regiments of infantry, one of cavalry and three of artillery, less one battalion.

## GOVERNMENT TO MAKE A FORMAL STATEMENT

Will Make Known Its Attitude in Regard to Russian Soldiers and Workmen Announcement

LIKELY SIMILAR TO FRENCH

(By United Press.)

Washington, May 23.—The United States government plans before long to make a formal statement of its attitude towards the Russian soldiers and workmen announcement of no annexation and indemnities.

This statement, while not yet revealed will doubtless take form similar to that of French Premier Ribot's statement yesterday in Paris.

The state department is to let it be known officially that it sympathizes with Ribot's remarks.

## Notice of Final Settlement of Estate.

Notice is hereby given to the creditors, heirs and legatees of Ida M. Pitman, deceased, to appear in the Rush Circuit Court, held at Rushville, Indiana, on the 31st day of May, 1917, and show cause, if any, why Final Settlement Accounts with the estate of said decedent should not be approved; and said heirs are notified to then and there make proof of heirship and receive their distributive shares. Witness, the Clerk of said court, this 9th day of May, 1917. GEO. E. MOORE, JR., Clerk Rush Circuit Court, May 9-16-23

## Notice to Contractors

Notice is hereby given that the Common Council of the City of Rushville, Indiana, will receive sealed bids or proposals for the improvement of Third street by constructing a brick, concrete or cross's block roadway, beginning at the east side of Julian street, thence west to intersection with Buena Vista avenue, according to the drawings, plans and specifications now on file in the office of the City Clerk until 7:30 o'clock p. m. on the 6th day of June, 1917. Each bidder must file with the City Clerk of said City when he files his bid the usual statutory affidavit and deposit with him the sum of (\$500.00) two hundred dollars as a guaranty that he will accept said bid and carry out the construction of said work. The successful bidder will be required to give a bond with surety approved by the said Common Council, insuring the faithful completion of said work according to the contract. The Board reserves the right to reject any and all bids and re-advertise for said work. CARL L. GUNNING, City Clerk. May 14-23

## Today's Topic

It is one of a most important nature—that of ECONOMY.

There are many ways in which a person may economize. With the present price of wearing materials, it is to your advantage to make your present clothes, and even the ones which you wore last summer, last as long as possible.

Our business is to give new life and new appearance to garments which are mussed, soiled and probably discarded. We also maintain a repair department, and can alter your clothes in any manner that you see fit.

Ladies garments are specialized in our dry cleaning department.

Let us help you solve this question of economy. It will pay more than you pay.

## ECONOMY

# The Real Greatness of the Maxwell Is in Its Perfected Mechanism

Mechanical perfection has made the Maxwell endurance champion of the world—the most economical car to run—a source of complete satisfaction to 200,000 Maxwell Owners.

Let's consider the Maxwell first as a piece of machinery,—for that's what a real automobile is—a machine. Fancy upholstery, enamel, a highly polished instrument board are excellent things, but they don't make a great motor car. Motor-car merit depends, first, last and always, on mechanical construction,—on the parts that are hidden from your view. The Maxwell has grace of form and line—travels easily—is roomy and comfortable,—a novice knows that—it's obvious. But let us pick the car to pieces and see what you actually get for your money.

### The Sturdy, Masterful Chassis

In the first place, there is one—and only one Maxwell chassis,—and that chassis not an experiment,—not the whim of some designer who craves a reputation to be different or original. Nobody is permitted to tinker with that one Maxwell model,—no smart ideas are allowed to swerve it from its course of development, refinement, perfection along the known, proved, time-tried principles of automobile construction.

### The Maxwell Engine is the Embodiment of Efficiency and Power.

The Maxwell engine is the concrete manifestation of efficiency and power brought up to an almost unbelievable point of perfection. It has much of the velvety smoothness characteristic of the motors in high-priced cars.

—plus power, economy, reliability and simplicity.

This marvelous motor is daily taking Maxwells over tens of thousands of miles of the hardest sort of going at an average cost of only \$6 to \$8 a month.

One of those Maxwell engines—just like the one your Maxwell will have—went for 44 days and nights without stopping, carrying a Maxwell over all kinds of roads, in all kinds of weather, at a rate of 25 miles an hour, on 22 miles per gallon of gasoline.

### Some Other Mechanical Factors That Make the Maxwell Great

The Maxwell axles stand up like the foundations of a mighty sky-scraper,—they are designed, forged, heat-treated and built complete in our own factories.

The Maxwell transmission—noiseless, self-lubricating, trouble-proof—is the height of mechanical sanity and surety.

The marvelous Maxwell clutch—running in oil, simple, smooth, wear-proof—has an efficiency greater than that of any other car, no matter how high priced.

Besides—each part of the Maxwell chassis is made of only the finest metal that can be procured.

—and then only after the material has been subjected to the most rigid tests known to science.

### Buy the Car That Stands the Test

Don't buy a car on looks, but find out just what is inside it—if the vital parts of the car are mechanically right.

The more you study the Maxwell the more certain you will be, as we are, that the Maxwell is the world's greatest motor car value.

Come to our salesrooms and let us prove to you that the Maxwell is mechanically right.

Roadster, \$650; Touring Car, \$665; Cabriolet, \$865; Town Car, \$915; Sedan \$985; completely equipped, including electric starter and lights. All prices f. o. b. Detroit.

## Social Calendar

### Thursday

Catholic Aid with Mrs. Nathan Horr, 620 West Third street, in the afternoon.

Social Dozen with Mrs. R. P. Havens, 423 North Main street, in the afternoon.

Emonon club with Mrs. Fred Beale, 710 North Oliver street in the afternoon.

Thursday Afternoon Bridge club with Mrs. Roy E. Harrold, 717 North Perkins street.

Mrs. Will Bliss, assisted by Mrs. Fred Beale, entertained thirty members of the Ladies Aid society of the Methodist church, yesterday afternoon at her home in North Perkins street. The entire afternoon was given over to business and refreshments were served by the hostesses.

The Young Ladies Circle had an interesting meeting last evening with Miss Grace Billings at her home in East Eighth street, with sixteen members in attendance. Miss Nina Hill read a paper on "Jacob" and Miss Hazel Woollen read a paper on "Latin America." The society was favored with a solo by Miss Wanda Wyatt. The remaining hours of the

evening were spent with games and refreshments were served. The assisting hostesses were the Misses Mary Harrold, Prudence Pope and Margaret Gallimore.

The Ladies Musicales, which was to have met Monday, May 28, has been postponed until a later date. Eight couples enjoyed an informal dance last evening in the Modern Woodmen hall. Splendid music was provided throughout the evening by the Sherman orchestra.

Twenty members of her Rook club met with Mrs. Mary Johnson at her home in Milroy last evening and enjoyed a pitch-in supper and a social evening over cards.

The Misses Emma and Nellie Maple and Mrs. Bessie Jamison visited in Indianapolis yesterday and were the dinner-guests of Mrs. George Harding.

Thirteen members of the Ladies Aid society of the U. P. church had a social meeting with Mrs. Hal Pike yesterday afternoon at her home in West Ninth street.

Mrs. Ed Pitman entertained a number of her friends last evening with an informal card party. After the usual engrossing rounds of 500, the guests enjoyed the refreshments which were served.

Mr. and Mrs. R. E. Mansfield entertained Mr. and Mrs. E. B. Thomas and Rev. M. W. Lyons with a well appointed six o'clock dinner last evening at their home in North Morgan street.

Mrs. R. A. Petry entertained with a well appointed six o'clock dinner last evening at her home in North Sexton street. Covers were laid for Mr. and Mrs. C. E. Liddle and son, George, and the Rev. F. B. Stearns and daughter, Miss Anna.

Twelve members of the S. E. T. Embroidery club and two guests, Mrs. J. A. Cochran and Mrs. Ulysses Michel of Decatur, Ill., were entertained by Mrs. George Helm yesterday afternoon at her home in West Third street. After the pleasant afternoon over needlework, dainty refreshments were served.

Miss Bertha Uhlman and Henry Oneal were married at the Catholic church by the Rev. M. W. Lyons at six o'clock this morning. The ceremony was witnessed by only a few immediate friends of the couple. After a short trip Mr. and Mrs. Oneal will be at home at 627 North Sexton street.

One of the cleverest affairs of the season was a gypsy party, given by Miss Effie Young for the members of the B. N. club at her home in East Third street, last evening. Pretty flowers were used in the parlors, where the guests enjoyed the evening with music and dancing. Late in the evening, the girls were invited into the dining room, the room had been entirely cleared and a red table cloth spread on the floor, in the middle of which was gypsy kettle suspended from wigwam poles. The only light in the room was shed from small candles covered with red paper under the smoking kettle of hot weiners. The girls gathered around the kettle on the floor and enjoyed a delicious supper and told ghost stories. Small pipes were given as favors, which also added novelty to the affair. Mrs. James Wooster was the only outside guest.

## FRENCH MISSION IS HOME

Sailed From New York May 15 and Arrived in Paris Today

(By United Press.)

Paris, May 23.—Marshall Joffre and Former Premier Viviani arrived in Paris this evening, completing their mission to the United States.

The French war commission sailed from New York on May 15. Their departure was kept such a close secret, under the volunteer censorship, that it was generally believed the French were still in Washington. They sailed on the same steamer that brought them over to this country.

Mrs. Charles Lamberson underwent an operation at the Sexton hospital Saturday for appendicitis and is improving nicely.

## JUDGE SPARKS TO MAKE MAIN ADDRESS

Program is Announced Today For Memorial Observance Here on Next Wednesday.

## SERMON TO SOLDIERS SUNDAY

The program for Memorial Day was announced today. The main address will be made by Judge Will M. Sparks and other special numbers are being prepared for the exercises which will be held in the court house assembly room next Wednesday afternoon at 1:30 o'clock. On the morning of Decoration Day the old soldiers will be taken to the cemetery in automobiles and will decorate the graves of departed veterans. The annual Memorial sermon will be preached at the U. P. church next Sunday morning by the Rev. John T. Aikin. Members of the G. A. R. will meet at the sheriff's office in the court house at nine o'clock and march to the church in a body.

The Boy Scouts of the Main Street Christian and the First Presbyterian churches will act as escorts for the old soldiers on Memorial day. They will assist in the decoration of the graves with flowers the morning of Decoration Day and will help the old soldiers place flags on the graves the day before. The program follows:

1:30 p. m.—Meeting called to order. Song—America. Prayer—Rev. W. M. Whitsitt. Lincoln's Gettysburg Address—Miss Frances Frazee. Barbara Fritche and the Flag—Master Walter B. Keaton. Music—High School Girls. "The Star Spangled Banner." "Tenting Tonight on the Old Camp Grounds." Address—Judge Will M. Sparks. Song—"God Be With You 'Till We Meet Again."

## ESCAPES FROM JAIL

## 99c STORE

Where You Always Buy For Less

## THERE WILL NEVER BE A BETTER TIME TO BUY A PIANO THAN NOW

Your piano dollar has higher purchasing power right now than you can expect it to have in the future. The high prices of materials and labor, brought about by the world war, makes it necessary for the manufacturer to advance prices on finished product, and these high prices will be maintained for years after actual hostilities cease. The whole world will have to replace billions of dollars worth of machinery and equipment that has been destroyed. The price of materials used in manufacturing will reach a still higher price.

### Take Our Advice—Buy Now While You Can Save Many Dollars.

We acted wisely and placed a large order with the manufacturers for Pianos and Players in January, just previous to the February advance, the largest raise in prices that has yet occurred. These instruments are coming in now—we have opened up twelve (12) of these beautiful instruments, and place them on sale this week at the same old prices. NO HIGHER PRICE WILL BE ASKED AS LONG AS OUR PRESENT STOCK LASTS. Four More Player Pianos are expected in this week on back order. We have the most beautiful array of case designs and finishes that have ever been shown in this store—including the "KIMBALL," "CECELIAN," "VICTOR," "BUSH and LANE," "WHITNEY."

We sell more Pianos and Player Pianos than any other small-town store in Indiana. Our trade demands good pianos—we keep the best. Our prices right now are from \$35 to \$95 LOWER than asked in the larger cities for the very same pianos. Come this week, look over our stock and be fully convinced of the money saving advantages offered at this store.

BUY NOW — PAY LATER IF YOU WISH. Credit Terms Made Convenient To All.

# Are Your Dollars More Valuable Than Your Neighbor's Sons?

¶ President Wilson has summoned 28,000 of our boys to France and soon they will be fighting shoulder to shoulder with our Allies, and in another few months there will be a stream of American soldier boys crossing the ocean to fight for Democracy. Is it any more than fair that those who stay at home should stand behind these boys? They are ready to lay down their lives. Is it any more fair that we should lay down our dollars?

¶ Who is going to win this war? If we are, we must fight to the last dollar, to the last man and to the last heart beat. Are you going to stand by and suffer defeat? Are you going to meet a conquerer's terms? Are you going to look timidly at long processions of conquering troops tramping down our streets?

¶ Germany alone has nine million men under arms. That means we cannot win this war by waving flags and singing The Star Spangled Banner.

¶ Either we will walk down the Kaiser's streets in Berlin or his soldiers will march proudly and arrogantly along Pennsylvania Avenue and dictate the Terms of Peace under the dome of our Capitol in Washington.

¶ Don't forget that until we get our Army and Navy into shape, the English Navy and the Armies of our Allies are fighting this war for us and the least we can do is to supply our share of the money to pay for it.

¶ The Government must raise at once Two Billions of Dollars and the loan is called the Liberty Loan. And what is this Liberty Loan? It's our answer to the rights of American citizens denied. It's our answer to the ruthless submarine policy.

¶ It is not a question whether we will or will NOT buy our Government bonds, (the best investment in the world) and get our money back with 3½% interest; but whether we will pay the Kaiser, not two billion of indemnity, but ten billions.

¶ And it's not charity our government asks, but a loan, a Liberty Loan, a loan for freedom and Democracy.

¶ Most of you cannot go to the front, but you can help by buying Liberty Bonds so we can buy food and clothing and guns and ammunition, ships and shells and horses and cannons.

¶ AND YOU CAN PAY CASH, or BUY ON EASY PAYMENTS. Rush County Bankers offer their services to all purchasers without charges of any character.

## RED CROSS GETS MANY MEMBERS

Membership Blanks Have Been Coming in so Fast That Results Have Not Been Tabulated.

#### MANY NEW CHAPTERS FORMED

Campaigns Are on in All Parts of the State—Work Takes Definite Form.

(By United Press.)

Indianapolis, Ind., May 23.—Thousands of Hoosiers have joined the Red Cross society during the last few weeks in all parts of the state, according to reports being received by A. F. Bentley, chief organizer of the Red Cross in this district today. In fact the membership blanks have been coming in so rapidly that the workers have found it impossible to tabulate the results.

New societies have been formed in all parts of the state. It is the hope of the campaigners to have a society established in every county of Indiana by next Saturday night. The society has been successful, it was announced today, in its campaign to have a society in every city of more than 4,000 population in the state.

The two largest cities which have recently established new organizations are Wabash and Kokomo. Nearly 100 smaller cities have started organizations.

Membership campaigns are being conducted by practically every active society in the state. Elkhart is now in the midst of a campaign for 5,000; South Bend is closing a successful attempt to procure 10,000 and according to present indication it will reach 12,500; Terre Haute is after 5,000 to 6,000 new members.

Red Cross work has already taken definite form in many places. Women are organizing to make bandages, extra clothing and other necessities for hospital work.

#### GROUP NO. 5 MEETS IN BRAZIL

Bankers of Twelve Counties Gathers In annual Session

Brazil Ind May 23—One hundred and fifty bankers of Western Indiana met here today for the annual meeting of Group No. 5 of the state bankers association. J. L. Bogard, cashier of the First National Bank of Vincennes and president of the state association, outlined the work which the organization has done during the last year. James B. Davis, secretary of the farm loan bank at Louisville, talked on the "Farm Loan Bank and Its Function." Elmer W. Stout of Indianapolis spoke on the relation of war bonds to bank deposits.

#### Old Looks?

(BY DR. L. H. SMITH)

Persons suffering from too much uric acid in the system frequently look older than they should. They age faster and the appearance of gray hair or baldhead in early years is, indeed, often a sign of uric acid. The face appears lean and haggard, lines and wrinkles appearing in young men or women.

The best way to combat this premature age and the obstruction to the arteries and faulty circulation is of the simplest: Drink copiously of pure water between meals. This will not make you fat, as it is only the water taken with the meals that fattens. Obtain at any drug store a package of Anuric (double strength), which is to be taken before meals, in order to expel the uric acid from the system. The painful effects of backache, lumbago, rheumatism, gout, due to uric acid in the blood should quickly disappear after treatment with Anuric.

#### PERFECT HEALTH IS EVERY WOMAN'S BIRTHRIGHT.

South Bend, Ind.—"Some few years ago I began to go down in health, caused by having woman's weakness. I saw Dr. Pierce's Favorite Prescription advertised and I got it at once. It was just a short space of time until this medicine completely cured me. Then, about two years ago I had severe pains in both kidneys and my limbs were swollen. It was almost impossible for me to rise in the morning. I took medicine but the relief I got was only temporary. Some time later I learned of Anuric and got it at once. I soon began to feel better. I kept up its use until I was completely cured of this ailment. I have not had any more backaches and my kidneys are in fine condition. I feel safe in recommending Dr. Pierce's remedies for I know they are good."—Mrs. MARY E. POWERS, 728 Columbia St.

Try Wolcott's Chocolate Soda. Nothing like it in Rushville. We will leave it to you.

#### NO GREAT DAMAGE FROM COLD WEATHER

State Food Experts Believe Crops Will Not Suffer Although Fruit Is Injured

#### GARDEN CROPS WILL BE LATE

Indianapolis Ind May 23—Although the cold weather of the early part of May has undoubtedly retarded the planting of crops, it has not done a great deal of damage, in the opinion of state food experts, expressed today, after receiving reports from various parts of the state.

The fruit crop has suffered the most, according to these reports. Frosts several days in succession destroyed nearly half of the cherry crops in some counties, about half of the early apple and a small part of the late apple crop.

Early gardens were injured, although, because of the rainy, cold weather, most of the garden planting was done late enough to escape injury.

#### NEWS EXPECTED TO AID IN RECRUITING

Fact That Marines Will Get to go to France Will Likely Help in Raising Quota

#### HOPE TO REACH IT BY JULY 4

Washington, May 23.—An immediate jump in volunteer enlistments in the United States Marine Corps is expected by officials of the Corps as a result of the sending of a regiment of "Soldiers of the Sea," to France with the first expedition and the assurance that further contingents will be sent as rapidly as transportation can be procured.

Many young who had previously not wanted to enlist with a probability of being kept in this country an indefinite time and perhaps never getting to the firing line will, it is believed, now enter their country's service as "Soldiers and Sailors, too."

The Marine Corps expects to reach its full war strength of 30,000 men by the Fourth of July.

#### FIRST DEGREE.

Franklin lodge No. 35 I. O. O. F. will have two candidates for the first degree Wednesday evening. Music will be provided by the orchestra. A good attendance is urged.

## Serum Station....

The Swine Breeders Pure Serum Company of Thorntown, Indiana, has established a Serum Station at Rushville for the benefit of their stockholders and also the farmers of this part of the State who want to use a high class serum.

We sell direct to the farmer and guarantee him the best, pure, potent serum and virus that can be obtained anywhere. This serum is strictly throat bled serum, obtained by killing the hog outright and this is the only plant in the country using this method.

The company has arranged to keep serum on hands at Kramer's Cold Storage Plant, and anyone wanting serum can get it any time. We are prepared to answer calls for vaccination at all times and have an office with the Nipp Insurance Company over the Rushville National Bank.

“QUICK BREADS” CAN NOT BE FRESHENED AS ONE MADE OF YEAST

By DR. H. E. BARNARD  
Pure Food and Drug Commissioner.  
(Written for United Press.)

Biscuits raised by baking powder or soda and sour milk dry out more quickly than breads made with yeast. Such breads which are sometimes called “quick bread” cannot be freshened by putting in the oven like yeast raised bread. Most housekeepers avoid stale biscuits by baking only the number which experience has taught her will be eaten hot. But the most careful calculators sometimes make an error and frequently the bread-box accumulates cold biscuits. Stale biscuits offer little promise to the most skilled cook and they usually find their way either to the chicken-pen or garbage-can.

The government experts are doing their best to prevent waste of food and one of their first suggestions for saving is a number of methods for using stale breads. They point out that biscuit may be toasted quite as successfully as bread and that so prepared it makes a splendid base on which to serve minced meats or coddled eggs. Biscuit crumbs may be used with complete satisfaction in other breads, cakes and puddings. When dried in the oven for a few minutes biscuit crumbs will keep for some time in a glass jar without becoming moldy or musty.

And yet after all this good advice, the best way to handle the stale biscuit is to plan so there will be no left-overs.

Miller's Antiseptic Oil Known As Snake Oil  
Will Positively Relieve Pain in Three Minutes.

Try it right now for Rheumatism, Neuralgia, Lumbago, sore, stiff and swollen joints, pains in the head, back and limbs, corns, bunions, etc. After one application pain disappears as if by magic.

A new remedy used internally and externally for Coughs, Colds, Croup, Sore Throat, Diphtheria, Tonsillitis.

The oil is conceded to be the most penetrating remedy known. Its prompt and immediate effect in relieving pain is due to the fact that it penetrates to the affected parts at once. As an illustration pour ten drops on the thickest piece of sole leather and it will penetrate this substance through and through in three minutes.

Accept no substitute. This great oil is golden red color only. Every bottle guaranteed; 25c, 50c and \$1.00 a bottle or money refunded. Get it at F. E. Wolcott's, Nylals Druggist.—Adv.

Mr. and Mrs. Ross Logan and son William and Miss Edith Elder visit-

NEWS OF INTEREST FROM  
MANY POINTS IN COUNTY

Glenwood

Many farmers in this vicinity have finished planting corn.

Earl Ruff is confined to his home with a severe attack of rheumatism.

Mrs. J. F. Mapes is suffering with rheumatism, which developed from tonsillitis.

Mrs. Wilbur Hall and child have gone to the home of her mother in Knightsstown.

Mr. and Mrs. Kidwell have moved into the property across from Arthur Reynold's store.

The Rev. James L. Brown was the guest of Mr. and Mrs. John Fulton and son Charles Sunday.

Dr. and Mrs. J. E. Walther and family entertained Dr. Walther's parents and brother, of Marshall, Ind., Sunday.

Mr. and Mrs. Raymond Carpenter Sunday entertained their parents, Mr. and Mrs. John Carpenter of near Andersonville and Mr. and Mrs. John May of near Columbia.

The club to which Mrs. Russell, formerly Miss Effie Matney, belongs surprised her and her husband Saturday night. Mr. and Mrs. Russell have gone to housekeeping in the old White homestead.

The Rev. J. L. Brown preached a very practical sermon at the M. E. church Sunday morning. No services were held at the Orange church because of a Sunday school convention at the Orange Christian church.

Mr. and Mrs. John W. Doughty of Richmond, Mr. and Mrs. Emmet Doughty and children of Greenfield and Mr. and Mrs. Cliff Wines of Connersville spent Sunday with Mrs. Pearl Link and children. Mrs. Link has not yet recovered from injuries she sustained in an automobile accident on Bunker Hill a few weeks ago.

Dr. and Mrs. Osborne and family are leaving this week. Mrs. Osborne and daughter Virginia will go to Mrs. Osborne's old home and another daughter, Gladys, will go to the home of her aunt in Indianapolis. Dr. Osborne has enlisted in the United States hospital corps and will go to France soon. Osborne's home will be closed unless it can be rented and the garage and public hall will be closed.

Union Township

The young married peoples class of Plum Creek met at the home of Mr. and Mrs. Walter Gray last Saturday night. Rook and contests were the features of the evening. Carl Ging, Lowell Vickrey and Mrs. Clem Hall were winners of the contests. Refreshments of ice cream, cake, strawberries, coffee and mints were served. All reported a fine time. The class meets again in two weeks with Mr. and Mrs. Carl Ging.

Mr. and Mrs. Will Hall, Mr. and Mrs. Aaron Kennedy, Mr. and Mrs. Elbert Gordon and Mr. and Mrs. Homer Hall and families spent Sunday with Mr. and Mrs. John Gordon.

The Misses Mary Custer, Louise Bingham, and Carrie Morris, and John Johnson, Robert Laughlin, Rex Wiley and Ray Clifton were Sunday evening guests of Miss Hazel Rider.

Miss Nora Hall of Indianapolis spent a few days last week with her parents, Mr. and Mrs. John Hall. Mr. and Mrs. Roy Wiley and son Eugene were also Sunday guests.

Mr. and Mrs. Lowell Vickrey attended the surprise given for Emory Vandiver at his home last Sunday. About one hundred were present for the pitch-in dinner.

Mr. and Mrs. E. A. Billings visited Mr. and Mrs. George Billings and family Sunday. Mr. and Mrs. Frank Logan and family were also guests in the evening.

Mr. and Mrs. Luther Nixon visited Mr. and Mrs. Lowell Bell of Indianapolis Sunday. Mrs. Mary Nixon returned home with them for the summer.

Mr. and Mrs. John Logan and Mr. and Mrs. Ross Logan and son William were guests of Mr. and Mrs. Tom Lower and family Sunday evening.

ed Mr. and Mrs. George Billings and family Monday evening.

Mr. and Mrs. Charlie Miller and family and Howard and John Johnson were Sunday guests of Mr. and Mrs. Lafa Johnson.

The Misses Edith Elder and Ida Foley were guests of relatives in Rushville Saturday night and Sunday.

Mr. and Mrs. Kanerda Jones and daughter Maxine were Sunday evening guests of Mr. and Mrs. Will Meyer.

Mr. and Mrs. Wayne Werking and Miss Ozetta Frye spent Sunday with Mr. and Mrs. Ortis Werking.

Mrs. Mary Bingham was called to Anderson Monday on account of the serious illness of her sister.

Mr. and Mrs. Carl Ging and son Norman spent Sunday with Mr. and Mrs. Abdel S. Ging.

A large crowd attended the funeral of William Higley last Friday evening.

Mr. and Mrs. Joseph M. Bell took dinner with Mr. and Mrs. Will Bell Sunday.

Miss Maude Bell visited Miss Doris Walker Monday night.

HOOSIER BRIEFS.

Laporte—Military training for high school boys in Laporte may be adopted for the remainder of the term.

Hammond—Girls of this city, sewing for the soldier boys, were urged to “hurry pajamas, and not to mind the pennant quilts or coupon flag pillows.”

Gary—William Gondon started suit for divorce only when his wife refused to stop smoking cigarettes.

Anderson—Physicians of Madison county have agreed to save the practice for physicians in the county jail who join the United States medical corps.

No sloppy glasses at Wolcotts Soda Fountain. We use sanitary glasses. Never used but once. 59tf.

EAT LESS--  
IT WILL DO  
YOU MORE  
GOOD

FOLLOW YOUR MEAL WITH A LITTLE PEPSINCO—YOUR FOOD WILL SATISFY FOR A LONGER TIME—NONE WILL BE WASTED. IT WILL DO YOU 100 PER CENT GOOD.

It's a mistaken idea that the more you eat the more good it will do you. It's not what you eat; it's what you digest that does you good. Eat less—take Pepsinco and you'll feel better—you'll thoroughly enjoy what you eat and you'll cut your food bill down.

Pepsinco is an aid to nature. It helps weak stomachs. It prevents strong stomachs becoming weak through carelessness in eating. Let Pepsinco digest the meal that you eat in a hurry.

Time is money—Pepsinco is inexpensive. Hundreds have Pepsinco handy for such an emergency. Many suffer after every meal—they don't use Pepsinco. Thousands eat with a relish—they use Pepsinco.

No need for sour stomach, sick headache, indigestion, bloating, heartburn and food distress. Pepsinco must surely be used when your food kicks back; when stomach pains; when you belch up sour stuff; when you get up in the morning with a mean, disagreeable, dark brown taste; when your food does not taste natural; when stomach revolts at the sight of food; when sleep is interrupted with bad dreams; when breathing is heavy from gas pressure. Pepsinco never fails to help in all cases where misery follows a meal.

Thousands today are using Pepsinco, happy in the thought that they have a reliable preparation to fall back on if stomach fails them. All druggists carry Pepsinco in small packages—large enough to show what they are worth. Get a package today, now, at once and not only help your stomach, but also cut your food bill down.

## ZONE SYSTEM FOR MAIL IS APPROVED

House Sits Until After Midnight to Complete Consideration of the Revenue Bill

### SECOND CLASS RATE HIGHER

Provision Put Into Clause Providing Local Delivery on First Class Shall be 2 Cents

Washington, May 23.—Sitting until after midnight, the house this morning virtually completed consideration of the \$1,800,000,000 war revenue bill by adopting, 198 to 71, a new proposal from the ways and means committee for increasing second class mail rates under a zone system.

The tariff section, adding 10 per cent to all duties now imposed and taxing nearly all articles now on the free list 10 per cent, was retained after Representative Lenroot of Wisconsin has striven unsuccessfully to eliminate the increase on sugar.

A provision was written into the clause in the postal section adding 1 cent to all first-class mail charges to provide that the rate on letters for local delivery remain at 2 cents.

Following is the ways and means committee's schedule of second-class mail matter charges:

Effective July 1—First zone, 1 1-6 cents per pound; second and third zones, 1 1-3 cents; fourth and fifth zones, 1 2-3 cents; sixth zone, 2c.; seventh zone, 2 1-3 cents and eighth zone, 2 2-3.

Effective Nov. 1—First zone, 1 1-3 cents; second and third zones, 1 2-3 cents; fourth and fifth zones, 2 1-3 cents; sixth zone, 3 cents; seventh zone, 3 2-3 cents and eighth zone, 4 1-3 cents.

Effective March 1 (and thereafter)—First zone, 1 1/2 cents; second and third zones, 2 cents; fourth and fifth zone, 3 cents; sixth zone, 4 cents; seventh zone, 5 cents, and eighth zone, 6 cents.

Representative Kitchen announced shortly before midnight that he probably would not attempt to hold the house in session after a vote had been taken on the second-class mail rate section, but would seek the final action today.

Section of the bill completed included the taxes previously agreed to on incomes, excess profits, inheritances, beverages, cigars and tobacco, public utilities, insurance, manufactures, amusement and club dues, and the war stamp taxes.

Representative Mann appealed to the house to eliminate the entire second-class mail section from the bill.

#### Notice to Contractors

Notice is hereby given that the Common Council of the City of Rushville, Indiana, will receive sealed bids or proposals for the oiling the streets in the City of Rushville, Indiana, according to the drawings, plans and specifications now on file in the office of the City Clerk until 7:30 o'clock p. m., on the 6th day of June, 1917.

Each bidder must file with the City Clerk of said City when he files his bid the usual statutory affidavit and deposit with him the sum of (\$150.00) one hundred and fifty dollars as a guaranty that he will accept said bid and carry out the construction of said work. The successful bidder will be required to give a bond with surety approved by the said Common Council, insuring the faithful completion of said work according to the contract.

The Board reserves the right to reject any and all bids and re-advertise for said work.

CARL L. GUNNING,  
City Clerk.

## MEETING WILL AID BUSINESS

Impetus to Industrial Preparedness Expected to Result From Efficiency Convention

### MANY DELEGATES ATTEND

Society of Industrial Engineers Will be Formed Saturday Morning Before Adjournment

(By United Press.)

Chicago, May 23.—The national convention of the Western Efficiency society, which opened in the Auditorium hotel this afternoon, was expected to have a marked influence toward giving impetus to the industrial preparedness movement and in indicating the part business is to play. Delegates from every large city in the west were present.

C. E. Koeppel of the council of organization and management of New York City, representing Howard E. Coffin, chairman of the advisory committee of the Council of National Defense, was the principal speaker at the opening session. He discussed the importance of the human factor in industrial preparedness.

The speakers at tonight's session will include Harrington Emerson of New York City, consulting engineer, who will speak on "Stimulating the Management;" Willard E. Hotchkiss, dean of the school of commerce of Northwestern university on "Function of the Educational Institution;" J. W. Dietz, manager of the educational department of the Western Electric company, Hawthorne, Ill., on "What Industry Can Do For Itself;" and E. W. Puckett, president of the Fort Wayne Oil and Supply company, Fort Wayne, Ind., on "Training the Coming Generation of Workers and Executives."

Tomorrow morning's session will be devoted to a round table conference on "Influencing the Management." The speakers will include Harold P. Gould, C. E. Koeppel, Irving A. Berndt, Carl G. Barth, H. P. Dutton, Mrs. E. Beatty, R. B. Beach, F. M. Simons, Jr., and Leon I. Thomas.

In the afternoon the following will speak: W. A. Grieves, assistant secretary of the Jeffrey Manufacturing company, Columbus, O., Earl Dean Howard of Northwestern university, and Magnus Alexander of the General Electric company, West Lynn, Mass.

John P. Frey of Cincinnati, editor of the International Union Molders' Journal, will be the principal speaker in the evening session. Other speakers will be Victor A. Olander, secretary-treasurer of the Illinois State Federation of Labor, and Arthur E. Holder, secretary of the legislative council of the American Federation of Labor.

W. A. Grieves and Earl Dean Howard will discuss "Labor's Viewpoint" at Friday morning's session. That afternoon the speakers will be Frank B. Gilbreth of Providence, R. I., industrial engineer; Irving A. Berndt of Chicago; W. S. MacArthur, office manager of Armour and company, Chicago; Harry F. Porter of the Detroit Executives' club; John M. Carmody, production manager of H. Black and company, Cleveland, and W. R. DeField, superintendent of systems of Montgomery Ward and company. The speakers Friday evening will include Charles R. Van Hise, president of the University of Wisconsin, and John W. O'Leary, president of the Chicago Association of Commerce.

At a special meeting Saturday morning, the American Society of Industrial Engineers, an organization proposed to co-ordinate the work of similar bodies, will be formed. Willard E. Hotchkiss will preside.

An exhibit covering the field of industrial management will be one of the features of the convention.

#### Notice of Final Settlement of Estate

Notice is hereby given to the creditors, heirs and legatees of Jefferson Churchill, deceased, to appear in the Rush Circuit Court, held at Rushville, Indiana, on the 31st day of May, 1917, and show cause, if any, why Final Settlement Accounts with the estate of said decedent should not be approved; and said heirs are notified to then and there make proof of heirship, and receive their distributive shares. Witness, the Clerk of said Court, this 5th day of May, 1917.

## GARDEN COMMISSION SENDS OUT POSTERS

Calls Attention to Fact That Garden And Canning Primers May Be Had For The Asking

### IS GATHERING STATISTICS

The Daily Republican today received from the National Emergency Food Garden Commission several posters which have been hung in the windows.

These posters are done in four colors and announce that food garden primers, canning primers and other garden planting data may be had by writing to the National Emergency Food Garden Commission at 210 Maryland Building, Washington D. C.

This work of co-operating between the Daily Republican and the commission is a part of the nationwide campaign that has been conducted this spring to encourage the planting of food gardens. The Daily Republican has been printing the food garden lessons as first aid to gardeners and now the canning lessons will soon come along as part of the campaign to help readers of this paper.

The National Commission is also gathering data on the number of gardens that have been planted and the number of people so engaged which when completed will be the first authentic information the people of the country will have on what is being done.

#### TODAY'S HOOSIER ODDITY

Greencastle Ind May 23—Probably the largest garden in the middle west has been planted at the state penal farm. The potato "patch" covers forty acres; 16,000 cabbage plants were set out; forty bushels of onions and practically every other sort of garden truck in similar quantities.

## Latest Battle Won By American Inventor

The fight was held in the kitchen with the old hot range. The FLORENCE wickless, smokeless, fumeless and sootless oil stove won the fight. The kitchen is much cooler, cooking is made easier, and really cooks like a gas range with little cost. No wicks to fasten and burn out, and no waiting for tea kettle to boil. Baking with this stove doesn't take all day as burners set up close to oven. Let us just light this stove for you and see for yourself.

## The Daily Republican

WEATHER

Fair, cool tonight; frost  
Thursday; warmer.

ESTABLISHED AS A WEEKLY: THE WHIG, 1840; THE REPUBLICAN, 1882.

"The Newspaper Everybody in Rush County Will Eventually Read."

CHANGED TO SEMI-WEEKLY MAY, 1903; DAILY MARCH, 1904.

Wednesday Evening, May 23, 1917

Rushville, Indiana, Vol. 14, No. 61.

TEN PAGES TODAY

JUDGE SPARKS IS  
NOT A CANDIDATESets at Rest Today All Rumors That  
He May Seek Republican Con-  
gressional Nomination.

DOUGLAS MORRIS NOT IN RACE

Women Doomed to Disappointment  
Because Law Provides They Can't  
Vote For Congressman.

## OF NATIONAL IMPORTANCE

The election of a congress-  
man from this district will be  
watched with interest nation-  
ally because the control of the  
house will depend largely on  
the outcome. If a republican  
is elected the balance of pow-  
er will remain unsettled as be-  
fore Congressman Comstock's  
death. Should a democrat win  
the democrats would control  
the house. A similar situation  
exists in a district in Maine.

Rush county will have no candi-  
date for the congressional nomina-  
tion from either party. Judge Will  
M. Sparks, who has been frequently  
mentioned as a possible candidate,  
especially in Wayne county, emphat-  
ically declared today he was not a  
candidate and would not be a candi-  
date. Judge Morris, who was men-  
tioned as a possible democratic candi-  
date, also declared he was not a  
candidate.

"I appreciate the consideration my  
friends have given me," said Judge  
Sparks, "but I have no ambition and  
no intentions of going to congress. I  
am not in politics and have no desire  
to be."

This from Judge Sparks should  
set at rest any intimation that he  
would be a candidate.

The congressional situation in the  
republican ranks is unchanged.  
There have been many names men-  
tioned but so far there is only one  
avowed candidate and that is Elmer  
Bassett of Shelbyville. The an-  
nouncement of George Barnard of  
Newcastle was expected to be made  
today.

Barnard was in Rushville yester-  
day afternoon looking over the  
ground and while here stated that he  
expected he would make a definite  
announcement today.

The situation in the democratic  
ranks is also unchanged. Finly  
Gray is an avowed candidate, as was  
to be expected. It was also stated  
today that Louis Federman, a banker  
of Brookville, would seek the nomi-  
nation. Walter S. Chamber, district  
chairman and state senator, who  
has been mentioned here frequently  
and seemingly is favored by Rush  
county democrats, has not yet an-  
nounced. In fact, he declares he is  
not a candidate.

Last night's Newcastle Times, of  
which Chambers is the editor, con-  
tained the following:

"Candidates are cropping out in  
both parties and from several coun-  
ties. Former Congressman Finly H.  
Gray of Connersville, has announced  
that he will ask for the democratic  
nomination. Lewis Federman, a  
banker of Brookville, will be in the  
race on the democratic side. Walter  
S. Chambers of this city is not a  
candidate."

With a special election to name  
the successor of the late Judge D. W.  
Comstock, many Rushville women  
had visions of casting their ballots  
for congressman. They are doomed  
to disappointment and must wait un-  
til the election of delegates to the  
constitutional convention, because  
the law does not provide they can  
vote for congressional offices.

## CAMP AT FT. HARRISON

Washington, May 23.—Establish-  
ment of a training camp for officers  
of the medical corps was announced  
by the war department today at  
Fort Benjamin Harrison. The  
camp will open June 15.

TO SHOW VALUE AS  
STATE FOOD SUPPLYState Senator E. A. Norman, Organ-  
izer for Fish and Game Com-  
mission to Hold Meeting Here

PUBLICITY MAN IS WITH HIM

E. A. Norman of Hope, Ind., state  
senator and state organizer, and A.  
E. Bodine, publicity man of the In-  
diana Fish and Game Commission,  
are in the city to meet the hunters  
and fisherman of the community in  
the interests of better fish and  
game commission.

A meeting will be held at the law  
office of Claude Cambren tomorrow  
evening at 7:30 o'clock and all citi-  
zens interested in fish, game and  
bird protection and propagation are  
invited by Senator Norman and Mr.  
Bodine to be present.

The state representative will dis-  
cuss the questions pertaining to  
this subject from many points of  
view. He will show that the value  
of fish and game as a food supply  
has not been taken into considera-  
tion by many; that protection and  
preservation of what the state has  
will add much to Indiana's food  
supply. All are welcome to attend  
the meeting.

Governor Goodrich issued a pro-  
clamation a few days ago, calling  
upon all sportsmen to observe care-  
fully the fish and game laws be-  
cause it meant conservation of the  
state's resources.

REFRIGERATORS ARE  
RAIDED BY THIEVESThree Homes Are Entered by Rob-  
bers and Unsuccessful Attempt  
Attempt is Made at Fourth

## SOMETHING TO EAT IS SOUGHT

Thieves evidently bent on obtain-  
ing something to eat have again  
been active. Monday night the home  
of Frank Catt in North Perkins  
street was entered and the refrig-  
erator stripped of everything look-  
ing like something to eat. The rob-  
bery was not discovered until last  
night. On Monday night the home  
of Paul Boehm in East Eighth  
street was entered and the robbers  
carried off some potatoes, eggs and  
two cakes of soap.

On this same night an unsuccess-  
ful attempt was made to enter the  
home of W. B. Garrigus, which is  
directly across the street from  
Boehm's.

From this neighborhood the rob-  
bers went to the home of E. B.  
Thomas in North Morgan street,  
and here like the other places, some-  
thing to eat was sought. The re-  
frigerator was robbed of everything  
but the ice. Last week two similar  
robberies were reported to the  
police.

## MAY VOTE ON REVENUE BILL

War Measure Reported to House—  
Immediate Passage Asked.

(By United Press.)

Washington, May 23.—The govern-  
ment's \$1,800,000,000 revenue bill  
came nearer enactment into a law  
this afternoon when Chairman Kitch-  
en formally reported it to the house  
and asked its immediate passage  
without protest. A vote is expected  
late this afternoon or tonight.

## HELD FOR FIRING FORESTS

(By United Press.)

St. Paul, Minn., May 23.—Ar-  
rests have been made and more  
are expected on charges of starting  
forest fires which have destroyed  
thousands of dollars worth of tim-  
ber in Northern Minnesota. This  
was revealed by the public safety  
commission today.

ORGANIZE TO SELL  
BONDS IN COUNTYBankers Appoint Executive and Ad-  
visory Committees to Boost  
The Liberty Loan

ANOTHER MEETING FRIDAY

Townships Without Banks Are Rep-  
resented by Trustees on the  
Advisory Committee

The bankers of the county organ-  
ized yesterday afternoon for the  
purpose of pushing the sale of  
Liberty Loan bonds by appointing  
executive and advisory committees.  
All but one or two banks were rep-  
resented. They met in the directors  
room of the Rushville National Bank  
yesterday afternoon at four o'clock  
and will meet again at the same  
place and hour Friday afternoon.

The executive committee is com-  
posed of five bankers and the ad-  
visory committee consists of a rep-  
resentative of each bank in the  
county and the trustees of three  
townships in which there are no  
banks.

The executive committee is com-  
posed of Ralph Payne, chairman of  
the Peoples National bank; Wilbur  
Stiers, secretary, of the Rushville  
National bank; Lon Link of the  
Rush County National bank; T. K.  
Mull, of the Manilla bank, and  
Howard Henley, of the Bank of  
Carthage.

The advisory committee is com-  
posed of the following: J. F. Dow-  
ney, Posty township; H. O. Gross,  
Walker; Perry T. Innis, Anderson;  
Bert B. Benner, Center; J. F. Rich-  
ardson, Union; A. E. Bilby, Jack-  
son; Gus E. Riley, Orange; E. A.  
Farthing, Richland; and A. L. Win-  
ship, L. M. Sexton, A. B. Irvin, E.  
B. Thomas and Carl E. Webb of  
Rushville.

The bankers were all urged and  
promised to advertise the Liberty  
Loan bonds in their respective com-  
munities by every means they know.  
They were urged to have the bonds  
referred to at public meetings and in  
the press of their homes.

That the campaign in the county  
for the sale of the bonds is begin-  
ning to have effect is disclosed by a  
story told by a Rushville banker  
today. He said a woman called at  
his bank and asked for a subscrip-  
tion blank for the Liberty Loan  
bonds. She said:

"I want to subscribe for some of  
the 'Liberty Loan' bonds. I consid-  
er them an ideal investment from  
the standpoint of security and rate  
of interest, together with the fea-  
ture of being exempt from all tax.  
Also, I want to have as large a part  
as possible in upholding and pre-  
serving the laws of humanity and  
the rights of American citizens un-  
der the law. It is plain that our  
democratic form of government, the  
freedom of the seas to our people,  
and even our very existence as a  
people depends upon the speedy suc-  
cess of our arms. The war must be  
financed. Everyone should buy a  
bond at once—as large a one as  
possible."

## TISZAS' MINISTRY RESIGNS

Friction Arises in Hungary Because  
of Unrest of People

(By United Press.)

Amsterdam, May 23.—Count Tis-  
zas' ministry has resigned, accord-  
ing to dispatches received here to-  
day.

There have been frequent rumors  
of friction in the Hungarian cabinet  
due to unrest in Hungary and the  
progress of the peace movement.

—Mrs. J. D. France of West Mid-  
dletown, Pa., and Mrs. D. C. France  
of Pittsburg, Pa., are the guests of  
the Rev. and Mrs. C. M. Yocum. The  
former is Mrs. Yocum's mother and  
the latter her sister-in-law.

SOME CONFUSION  
OVER REGISTERINGPeople Get Mixed Over Conscription  
and Election Laws—Former  
One Day Only, June 5.

FOR MEN BETWEEN 21 and 30

All Men and Women Who Expect to  
Vote Must Register Between  
June 22 and Aug. 20

## MEETING SATURDAY

All of the precinct registrars  
have been called to attend a  
meeting here Saturday after-  
noon at 2:30 o'clock by the  
county conscription board. The  
meeting will be held in the as-  
sembly room and at this time  
the registration law will be  
explained and the supplies  
passed out. The county board  
wired the governor this morn-  
ing that all the supplies had  
been received and that the  
Rush county board was ready  
for the work.

Considerable confusion has result-  
ed here over the two registration  
boards—the conscription registration  
board and the registration board for  
the election of delegates to the con-  
stitutional convention. The two  
boards are not connected in any way  
and should easily be distinguished  
by the voters.

The conscription board will meet  
on June 5 when all men between the  
ages of 21 and 30, inclusive, will go  
to the precincts in which they vote  
and register for the conscript army.  
The election board will not meet until  
June 22 in the court house and con-  
tinue in session sixty days.

The registration for the conscript  
army will be made by precincts, the  
usual voting places being used. The  
board, composed of Clerk Moore,  
Sheriff Cavitt and Dr. W. S. Cole-  
man will give out the supplies and  
take care of the returns. They will  
have nothing to do with the actual  
registration and there is no need for  
any one going to the court house to  
register on this day. The only oc-  
casion one would have for going to  
the board's office in the court house  
would be to get one of the registra-  
tion cards should he know he would  
be out of the city or county on the  
day of the registration.

The registration law provides that  
a resident of this county away from  
home, may after tomorrow go to the  
clerk of the board in the county in  
which he is located and fill out one  
of the cards. The clerk will certify  
it and the conscript will then mail  
the card to the precinct registrar  
in care of the sheriff. The sheriff,  
in turn will see that the card reaches  
the proper registrar. Failure to  
register is punishable by not less  
than six months in jail.

There is really no occasion for  
any confusion over the two registra-  
tion boards. The registration board  
for the election will have quarters in  
the court house and one must go  
there to register. This registration  
is for everyone who intends to vote  
for the election of delegates to the  
constitutional convention on Septem-  
ber 18; also in the city election next  
fall.

The supplies for the conscription  
registration will be given out  
Saturday. The men who will  
have charge of the registration  
by precincts will call at the clerk's  
office on this day for their sup-  
plies. The township trustees are  
the inspectors in the precincts in  
which they reside. The other ap-  
pointments have been made.

It has been estimated that near-  
ly 1,500 men will register on this  
day, June 5. It is believed there are  
about this many men in Rush coun-  
ty between the ages of 21 and 30.

—Mr. and Mrs. David Kirkpatri-  
ck and daughter Ossa of Palmyra  
spent the day in this city.

IS LICENSED AS  
A LOCAL PREACHERE. B. Marlatt, Head of High School  
English Department, Will At-  
tend Theological School

M. E. CONFERENCE CLOSES

Earl B. Marlatt, in charge of the  
English department of the high  
school, was licensed as a local  
preacher at the annual conference  
of the Connersville district of the  
Indiana M. E. conference, at Arling-  
ton yesterday, and will attend theo-  
logical school next year preparatory  
to becoming a minister in the M. E.  
church. It was announced today  
that he had been considering this  
step for sometime. Sam C. Wag-  
oner, also of this city, likewise was  
licensed as a local preacher.

The annual conference closed last  
night with an address by the Rev.  
Frank C. Loveland, pastor of Meri-  
dian Street M. E. church of In-  
dianapolis. The place of the next  
meeting was left with a committee  
to determine.

Dr. J. W. Dunnean of Indianapolis  
spoke yesterday, representing the  
Preachers Aid society. Fred Hoke,  
a layman, was to have talked on  
the same subject, but was unable to  
be present. An interesting feature  
of the program was two addresses,  
"If I Were a Preacher," by Prof. W.  
E. Wagoner of the Milroy high  
school, and "If I Were a Lay-  
man," by the Rev. S. J. Cross.

WOMAN ARRESTED FOR  
HARBORING FUGITIVEBlanche Gilson Held When Charles  
Bennett, Wanted for Robbery,  
is Found at Her Home

## CHARGED WITH BRASS THEFT

Charles Bennett was arrested this  
morning by Deputy Sheriff Sullivan  
on a grand larceny charge and Mrs.  
Blanche Gilson was arrested on a  
charge of harboring a fugitive. Ben-  
nett has been wanted for some time  
in connection with the theft of some  
brass from two traction engines at  
the fair ground, the property of Bert  
Medlwaime.

This morning when Deputy Sheriff  
Sullivan went to the Gilson home in  
South Pearl street where Bennett  
roomed, Mrs. Gilson told him he was  
not there. Sullivan continued his  
search and found Bennett in bed.  
The police also searched the Gilson  
home, believing Bennett might have  
some stolen property there but  
found only a revolver and a pair of  
brass knuckles. Bennett entered a  
plea of not guilty and went to jail  
in default of \$500 bond.

Mrs. Gilson's bond was also  
placed at \$500 by Judge Sparks.

## FIVE MEXICANS CAPTURED

Caught by Troops Trying to Smuggle  
Munitions Across River.

(By United Press.)

El Paso, Texas, May 23.—Five  
Mexicans were captured by United  
States troops last night, it became  
known today. The men were at-  
tempting to smuggle munitions into  
Mexico. Several thousand cart-  
ridges were seized. The capture  
marked the second smuggling to be  
foiled within the week and brings  
the total number of men captured up  
to 21.

## ADMITS SHORTAGE; MISSING

(By United Press.)

Fort Wayne, Ind., May 23.—John  
Wessel, Jr., was missing today af-  
ter having confessed to a shortage  
of \$8,370 in his accounts as man-  
ager of the municipal light plant of  
this city, covering a period of three  
years. The shortage has been made  
good by his mother.

WORK OF THE RED  
CROSS IS PRAISEDSpeakers at Meeting Emphasize Hu-  
manitarian Side of Society Be-  
ing Organized Here

F. H. GAVISK UNABLE TO COME

Dr. S. H. Canton of Indianapolis, E.  
B. Thomas and the Rev. M. W.  
Lyons Make Addresses

That the Red Cross movement is  
a New Samaritanism which is des-  
tined to fill the prophecy of the  
Bible, was the declaration of Dr.  
Charles H. Canton of Indianapolis,  
who spoke at the Red Cross meeting  
last night at the Graham Annex in-  
stead of the Rev. Father Francis H.  
Gavisk of Indianapolis, who was to  
speak but who was unable to come  
because of an injury to his foot  
suffered yesterday.

Dr. Canton asserted that the Red  
Cross Society will broaden the peo-  
ple of the United States, make them  
less partisan and sectarian, and will  
make Americanism a real and vital  
force in the affairs of the world. He  
declared that the present way would  
lay a heavy debt against civiliza-  
tion, but that if it accomplished  
nothing else, it would teach the  
United States that it has a part in  
international affairs and that the  
people across the water are next  
door neighbors of America.

E. B. Thomas, chairman of the  
Rush county chapter of the Red  
Cross, presided and introduced the  
Rev. W. M. Lyons, who was to have  
introduced Father Gavisk, but who  
was asked to say something in re-  
gard to the Red Cross work. Mr.  
Thomas also spoke after Dr. Canton  
had concluded and made an appeal  
for the support of every man, wo-  
man and child in Rush county for  
the Red Cross. When he had finish-  
ed, cards were passed among the  
audience and many signed, becom-  
ing members of the society.

The Graham Annex auditorium  
stage was most beautifully decora-  
ted for the occasion. Sticking out  
from the footlights were flags of  
all America's allies—England,  
France, Russia, Belgium, Italy and  
Japan. Huge baskets of flowers  
were arranged artistically across  
the front of the stage and American  
and Red Cross flags were draped  
over the tables and the piano. The  
background of the stage was a mass  
of American and allied flags.

At the opening of the meeting the  
audience sang "America" and Mrs.  
Carl F. Behr and B. F. Miller sang  
a duet, and when the applause was  
insistent, they sang "Tenting To-  
night." Mrs. Behr then sang "Bat-  
tle Hymn of the Republic," the au-  
dience joining in the chorus.

"Every seat here should be filled  
tonight," said Mr. Thomas in open-  
ing the meeting. "The Red Cross  
movement—rather the Red Cross  
Association, because it is more than  
a movement—is worthy of support.  
This is only the beginning of the

Continued on Page 4.

He Read Every Word;  
Shucks!—So Do We

Thomas Bailey Aldrich  
wrote in "The Story of a Bad  
Boy": "Grandfather spent his  
evenings in the home engrossed in  
his newspaper; and he read every  
word in it." The grand-  
father of the famous author lived  
many years ago. Even at that  
early date he recognized a tre-  
mendous advantage in conscien-  
tious newspaper reading, and it is  
safe to presume he got his  
money's worth. There are  
thousands of people in Rushville,  
who, like the elder Aldrich, fine  
comb the Daily Republican to  
the last word—which is a suffi-  
cient guarantee that the men who  
advertise their globe-trotting pro-  
ducts in The Daily Republican  
Get Their Money's Worth.

## BRAZIL AGAIN IS ON VERGE OF WAR

President Braz Calls Special Meeting of Cabinet to Discuss Sinking of a Vessel

PRESUMABLY BY THE GERMANS

(By United Press.)  
Rio De Janeiro, May 23.—President Braz called a special meeting of the cabinet today to discuss the sinking of a Brazilian steamer, presumably by a German submarine. Public excitement is at the highest pitch in view of the almost universal belief that Brazil will declare war on Germany.  
"Brazil is not declaring war on anybody," declared the foreign minister today. "She is only defending herself. It was Germany who declared war when she announced her purpose to sink neutral ships."

## AMERICA PREPARING.

Washington, May 23.—One-half cup of milk wasted daily by every family in the United States would involve a total waste of 912,500,000 quarts a year, the produce of 400,000 cows, the Department of Agriculture estimates today in a bulletin urging war economy.

Lorain, O., May 23.—Business men and merchants here have promised to spend a week of their summer vacation helping farmers harvest their crops.

Los Angeles, May 23.—Sheriff Cline has turned 125 picked deputies over to federal authorities for military training and will increase the number to 400. They will be returned to the sheriff a trained and armed home defense force.

Portland, Ore., May 23.—The Oregon Patriotic Service League today has collected and sold several tons of old papers and periodicals and will continue the campaign to raise a defense fund.

Try Wolcott's Chocolate Soda. Nothing like it in Rushville. We will leave it to you. 59t6.

## FOOD BILL UP IN SENATE AND HOUSE

Big Fight to Determine Scope of Government Control Gets Under Way in Congress Today.

APPROPRIATIONS OF \$15,000,000

Agriculture Committee Says They Are For Purpose of Stimulating Production in Country.

(By United Press.)  
Washington, May 23.—The big fight in congress to determine the scope of food control by the government during the war was launched today.  
Both in the house and senate the first of the two administration food bills were reported.  
They provide a thorough survey of all food production, money for seed and appropriations to prevent waste and to eliminate plant and animal diseases.  
Appropriations under the measures total \$15,000,000.  
According to the report of the agriculture committee to the house and senate the bill is desired to "stimulate the production of food-stuffs with a view to relieve the present emergency."  
It does not undertake to deal with problems of conservation, distribution, regulation or control. These features will be taken up in a separate bill later. Little opposition is expected in either branch on the measure. It will enable the government under the direction of Herbert C. Hoover, new food administrator, to begin at once a careful inquiry into the food situation in the United States.

According to the report of the agriculture committee to the house and senate the bill is desired to "stimulate the production of food-stuffs with a view to relieve the present emergency."

## OHIO DEDICATES A MONUMENT TO SONS

Erected to Memory of Men Who Fought in Battle of Lookout Mountain

GOV. JAMES M. COX SPEAKS

(By United Press.)  
Lookout Mountain, Tenn., May 23.—The new monument erected by the state of Ohio commemorating the bravery of her sons who fought in the famous battle that took place here Nov. 24, 1863, was formally dedicated today.  
The monument, in the form of a granite column located just below the summit of the mountain, is nearly 125 feet high.  
Exercises were in charge of the Lookout Mountain memorial commission of Ohio, composed of soldiers of regiments which took part in the engagement. Members of the commission are Samuel H. Bolton, McComb, chairman; Charles W. Wheeler, Roseburg; Charles H. Grosvenor, Athens; Alfred E. May, Oberlin; Moses Hill, Morrow and Benjamin Emery, London.  
Governor James M. Cox was the principal speaker at the dedication. He attended with members of his military staff, including Adjutant General George H. Hood.  
The names of each organization and the commanders will be inscribed on tablets at the base of the monument.

## JULY WHEAT 4 CENTS LOWER IN CHICAGO

Other Grain Quotations Show Only Slight Decreases—Hogs Off Fifteen Cents.

RECEIPTS ARE THE SAME

July wheat in Chicago was four cents lower today, but other Chicago grain quotations were off only fractions of a cent.  
Indianapolis hog prices were off fifteen cents with receipts just the same as yesterday.  
September wheat in Chicago was down a cent and July corn was three-eighths of a cent lower. September corn was down a quarter of a cent. July oats declined a quarter of a cent and September, an eighth.  
Indianapolis wheat was three and a half cents lower. Corn was steady to higher and oats was steady to lower.  
Local grain quotations remained the same.

Oneal Brothers are paying fifty cents a pound for the best grades of wool.

The rumor being circulated that the children of Rebekahs will not be welcome at the reception to be held Thursday evening is erroneous. Children are not only welcome but especially invited to all social gatherings held in the Odd Fellows Hall, a special resolution in that respect having been adopted years ago.

## DEVICES TO FIGHT U-BOATS ARE TESTED

Two Have Undergone Preliminary Successfully And Are Being Made in Large Sizes

MARCONI WILL HELP AMERICA

(By United Press.)  
Washington, May 23.—Exhaustive tests of several promising devices to fight the submarines are under way, it was announced at the navy department today. Two devices have undergone preliminary tests and are now being constructed in large sizes for use on ships. The first tests were made on models.  
Tests on devices acting as a shield for the hull of ships have been made but are unsatisfactory.  
Several inventions of Hudson Maxin are being considered by the navy consulting board. Naval officials asserted that many other war inventions, for anti-submarine devices are under consideration.  
Marconi, wireless inventor, who is a member of the Italian war commission, will spend much time in consultation with the United States naval board.

LAUNCH FARMING PLAN.

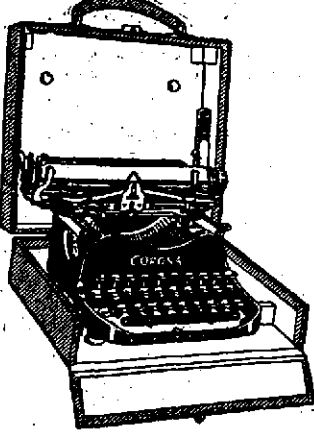

(By United Press.)  
Sacramento, Calif., May 23.—Fifteen big farms conducted by state institutions will produce food for the 16,000 inmates of the institutions this year, Freeman H. Bloodgood, member of the board of control predicted today. Under war economy pressure, production on these farms will be increased 25 per cent.

BRIDGE 34 YEARS OLD.

(By United Press.)  
New York, May 23.—Thirty-four years ago today Brooklyn Bridge was opened to the public. War prevented any celebration being planned. Armed guards now patrol the bridge night and day, keeping the crowds moving, forbidding the taking of photographs and sometimes searching suspicious bundles.

Anderson—Physicians of Madison county have agreed to save the practice for physicians in the county jail who join the United States Marine Corps.

**RUSSIAN PREDICTS  
REPUBLIC OF PEACE**

**Premier Lvoff of Provisional Government Sends Message to American People Today**

**NEW RUSSIA IS FORESEEN**

(By United Press.)

New York, May 23.—Predicting that a Republic of Peace will rise in Russia after the war, Premier Lvoff of the provisional government today sent a message to the American people, through Isaac F. Marcossin, representative of Everybody's Magazine.

"The newest of democracies greets America with peculiar fervor, because it feels that the American people can readily understand what the great Russian revolution means," said Lvoff. "Autocracy in Russia is dead forever. In its stead will soon rise a Republic of Peace."

"We wish America to realize thoroughly that there can be but one result of the great upheaval, and that result a real democracy modeled along the lines of the American republic, creating a government by and for the whole people. It will mean justice and opportunity to everybody."

"The name Russia once meant darkness and oppression. It will now mean light and freedom. The New Russia will be the frankest and most liberal of republics. In New Russia the Jew and Gentile are brothers."

"We want America to know that Russia will continue the war to a peace dictated by allied victory. The revolution, which wiped out pro-German conspiracies against national life, insures the result. Only on complete victory can our Republic of Peace be reared. In that struggle we are proud to have America as an ally. Russia looks to America for fresh bonds and new, lasting commercial democratic kinship."

**CLASS DAY OBSERVED  
AT THE HIGH SCHOOL**

**Seniors Read Their History, Prophecy, Poem and Will and Sing Class Song**

**IS LAST WEEK OF SCHOOL**

Senior class day was celebrated at the high school assembly yesterday afternoon at two-thirty o'clock, as a part of commencement week festivities.

The program opened with the singing by the school of "A Band of Students in R. H. S." The class oration was read by Miss Harriet D. Smith, president of the class. The class history was presented by Miss Nola Roth. The class joke book, written and read by Miss Hermoine J. Hughes, created a lot of fun. The class poem was written and read by Miss Valeta Walton. The class will, prepared in true legal style was given by John Fleehart. The class song, which was composed by Miss Mary Louise Bliss, was sung by the class and the class prophecy was read by Miss Golda Jackson. The prophecy consisted of items from the Rushville Daily Republican of May 22, 1917. The program closed with the singing by the old school of "Good-bye Dear Old High School Days," the new high school song introduced for the first time at the Junior-Senior reception last Friday night.

**GERMANY ONCE MORE  
IS PEACE PLOTTING**

**Propaganda Starts After Repulse of Attempts For Separate Agreement With Russia**

**HINDENBURG SCHEME SEEN**

(By United Press.)

London, May 23.—Germany is peace plotting again—after a lull in propaganda efforts to this end following repulses of her attempts to coax Russia into a separate agreement.

The Teutonic efforts were revealed in dispatches today from several European cities. Coming at a time when Premier Ribot's statement of France's aims in the war were prominently displayed here, as well as a statement of America's position, there seemed little likelihood of the German move succeeding.

France's peace terms as outlined by Ribot are no forced annexation, no contribution and restitution and reparation.

Amsterdam reported against this, the growth of a Hindenburg peace plan in Germany, urging no annexations and no indemnities as a catch phrase, but in the same connection urging retention of French and Belgian iron districts and the Belgian coast.

**MUNITIONS EXPERTS MEET.**

(By United Press.)

Cincinnati, O., May 23.—Munitions experts attending the engineers convention here met today and heard an address by Major E. D. Bricker, ordnance department, Frankfort arsenal. All phases of shell manufacture were discussed. The American Society of Mechanical Engineers and the National Machine Tool Builders Association are meeting here.

**SEVERAL SMALL CASES  
ARE SETTLED IN COURT**

**Walter E. Smith Gets Judgment of \$14.60 and Claim Against Furry Estate is Dismissed.**

**MRS. PRICE GIVEN ALLOWANCE**

Several cases of minor importance were disposed of in circuit court today. Walter E. Smith was given a judgment against Ed Bowen on a note for \$14.60 including \$5 attorney fees. A mortgage was ordered foreclosed.

The claim of Rachel Ginn against Howard E. Barrett, administrator of the estate of the late Nancy Furry, for \$33 was dismissed and the costs paid. The suit of the Donald-Richard Company against E. R. Casady was dismissed and the costs paid.

A hearing was held on a motion for an allowance in the divorce suit of Orla Price against Mabel Price, and Mrs. Price was given the sum of \$5 a week pending the final trial of the case and \$20 attorney fees. The allowance is to date from May 14.

**FALMOUTH GREEN  
HOUSE OWNER DIES**

**Fred P. Colyer, Age 34, Dies Tuesday Night of Heart Disease After a Brief Illness**

**FUNERAL TOMORROW AT 2 P. M.**

Fred P. Colyer, 34 years old, owner of a green house in Falmouth, died last night at 10:45 o'clock following a short illness from heart disease. He had been ill but a few days and Sunday was taken worse and his death was expected. Mr. Colyer was the son of Mr. and Mrs. Alfred Colyer and was widely known.

Besides his parents he is survived by three brothers, William, Gus and Lowell Colyer and one sister, Mrs. Gertie Knotts, all of the Falmouth community.

The funeral cortege will leave the residence tomorrow afternoon at two o'clock and the funeral services will be conducted in the Fairview church by the Rev. M. S. Taylor of Milton. Burial will take place in the cemetery there.

\*\*\*\*\*

**Amusements**

\*\*\*\*\*

The attraction at the Gem tonight will be "The Love Hermit" starring the great screen favorite William Russell, who ranks second to none in his profession. He will be remembered by his previous plays "The Highest Bid," "The Strength of Donal McKenzie" and "The Man Who Would Not Die." He is supported by Charlotte Burton who has played opposite him in each of his former plays. Tomorrow Gladys Brockwell will be seen in "The Sin of Her Parent."

The Princess offers Lionel Barrymore and Marguerite Kirvin in the five act romance "The Upheaval" for the program tonight. It is a story of everyday life and there are many big scenes. In addition to this picture "Pathe News" will be shown. Tomorrow the next chapter of "Patria" will be shown.

**Senreco**

The double-service tooth paste, keeps teeth clean AND GUMS HEALTHY.

Keeping the gums healthy and the mouth sweet is very important to health; more teeth are lost through the loosening of the tissue that holds the teeth in place than from decay.

Dental science to-day demands that a tooth paste must keep the gums healthy as well as clean the teeth.

Senreco was formulated to meet this requirement. Hundreds of dentists are prescribing and using Senreco because they have found that it does measure up to that standard.

**SENRECO IS A WONDERFUL CLEANSER.**

In addition to its remedial properties Senreco is a wonderful cleanser; acts directly on the mucin film, the basis of tartar; leaves the mouth cool and clean-feeling. As some one has expressed it—Senreco gives one a new idea on mouth cleanliness.

Get a tube to-day at your druggists or toilet counter—enjoy the healthy, cleanly feeling its use gives your mouth and gums. Notice how brilliantly white Senreco makes your teeth. It performs this two-fold service for you and yet costs no more than the ordinary, old-fashioned tooth paste that simply cleans the teeth and leaves a pleasant taste—25 cents for a large 2 ounce tube.

#### Food Saving by Substitution

The announcement that grains suitable for human food will no longer be fed to horses in Great Britain calls attention to the possibilities of gradually enlarging the production of the world's food supplies by utilizing for that purpose the vast areas now devoted to producing grain for horses, for which the world is rapidly substituting power driven vehicles and cultivators.

A compilation by the National City Bank of New York shows that this process of substituting the motor for the horse on highways and farms has already made rapid progress in the United States. The number of horses on farms in the United States in 1917 is no greater than in 1910, while population has meantime increased 13% and these changes do not include the horses in cities. Where the substitution of power drawn vehicles for those drawn by horses is even greater than on the farm. The total number of horses in the entire United States in 1917, including farms and cities, is probably less than in 1910, while population to be fed has increased 13%.

Meantime the transfer of production from oats, chiefly used as food for horses, to that of wheat as food for man, seems to have been even more rapid progress. The number of acres devoted to the production of oats in 1916 showed an increase of less than 11% over that of 1910, while the acreage devoted to wheat in 1916 showed an increase of 27% over that of 1910. Corn also showing an increase, though not as great as that of wheat.

During the 1910-1917 period in which the horses in the country showed a slight decline, and the acreage devoted to the production of their food showed a less gain than that of food for man, the production of petroleum used as food for the road and farm machinery taking the place of horses shows an enormous increase. The quantity of petroleum produced in the United States was in 1910 8,801,000,000 gallons, and in 1916 12,264,000,000 gallons, an increase of approximately 50%.

Meantime there has been an enormous growth in the number of power driven road and farm vehicles and tractors, the Census of 1915 showing over \$300,000,000 worth of automobiles produced in 1914 against a production of less than \$200,000,000 worth shown by the Census of 1910. Of farm tractors, the statistics while incomplete are sufficient to show plainly that they are now performing much service for which the farmer was formerly dependent upon the grain consuming horses. A recent statement by the Department of Agriculture shows as a partial census of tractors in the United States 34,371 actually in commission, and representing every State of the Union. Very recent reports indicate large numbers of farming tractors being purchased for community uses, and a single manufacturing concern in Ohio reports contracts for agricultural tractors aggregating at present \$15,000,000, with prospects of \$50,000,000 during the year.

#### Let the Government Act

The foodstuffs of the country are in the hands of a horde of unprincipled scoundrels who are sucking the nation dry in their efforts to get rich quick from speculative profits. They will continue to suck and bleed as long as there is a pound or a dollar left unless the government is quick to act.

With the young manhood of the nation marching out to war and death, it is a crime against the state for these leeches to be allowed longer to prey upon the helpless public.

The government should dact without an hour's delay. We are a peace loving people, but pleading and cajoling has no effect.

We crush the serpent beneath our heel, but we allow these heartless and soulless robbers to thrive.

It is unthinkable—it is intolerable.

The food speculator must go. Let the government act!

#### A Great Statesman

Elihu Root is considered one of the greatest statesmen this Republic ever produced. His appointment as head of the American Commission to Russia is the greatest, and only, concession that President Wilson has made to the spirit of non-partisanship. Root can point the way for the Russians. Can he persuade them to take that way? If he does he will go down in history as the greatest statesman of the age. And Root in 52 years of service to mankind has yet to fall down on his job. His greatest opportunity comes near the close of his career and he has the confidence of the country.

On the ways and means committee of the house of representatives, the democrats have 13 members and the republicans ten. Among the 13 democratic members there are 12 lawyers and one producer of crude oil and natural gas—not a manufacturer in the bunch. Among the ten republicans there are five lawyers, three manufacturers and two men engaged in other business enterprises. The ways and means committee drafts the revenue bills—the tax bills—for Congress. In 1917 as in 1913, the revenue bills are exerting an enormous influence upon American business.

The president of the American Goat Breeders' Association advises the department of agriculture to help solve the food problem in the matter of meat, milk, and leather by civilizing the Mexican goat. The administration tried that on Caranza's goat, but failed lamentably.

At the present express rate of speed of the congressional slackers and porkers and obstructionists we will have an army of a hundred men in France in about fifty years.

The high cost of living has struck Africa. Missionaries are probably becoming skinny and scarce.

It is quite safe to annex a June bride—provided you are 31 or over.

#### WORK OF THE RED CROSS PRAISED BY SPEAKERS

Continued from Page 1.

campaign in which we hope to appeal to every man, woman and child in Rush county.

Father Lyons spoke feelingly of Father Gavisk and expressed genuine regret at his injury which prevented his coming. Father Lyons is intimately acquainted with Father Gavisk, having served under him in his first work after being ordained. He said it was characteristic of the man to give his time and talents to great work, such as the Red Cross movement.

"A man is dull indeed," continued Father Lyons, "who can not say a good word for the Red Cross. Whatever your opinions may be, there is no doubt about the worthiness of the Red Cross. I am happy to be able to say a word, on my first appearance before a Rushville audience, for a cause so worthy, so honest as this movement."

"So secure are we here in Rush county that we are apt to be slow in taking hold of this movement. We may be too self-satisfied, but we should support a work like the Red Cross. I had a dispute today whether Tipton or Rush county was the best. I hope that my contention will be supported and that when the returns are all in, Rush county will be well up in the list of counties in the state in supporting the Red Cross."

## THE GRADUATES

(By Robert E. Mansfield.)

The time and the season admonishes us that commencement is at hand. Our high school seniors are regarding with trepidation the few remaining hours which, in the final examinations, shall be deemed some sort of a test of their worth as students.

On Sunday evening last the seniors listened to a splendid address, full of philosophic reasoning and good advice, by the Rev. W. M. Whitsitt, and on Friday evening they will receive their diplomas, certificates of honor for their industry, and accomplishments. The proud moment when they shall receive these honor scrolls will soon arrive, the eloquence of the class orator will die away on the balmy spring air, and the course of the high school will be theoretically finished.

The schools and colleges all over the land are turning out an army of chickens successfully hatched, and in a promising state of fledging after a long period of tender brooding on the part of their alma maters. They are proud of their success, and commendable in their pride. And now will self-styled, self-made men improve each shining moment in criticizing the school and college chicks, trying to make people believe that students lose too much time in getting ready to live.

The student who is doing good and methodical work is not getting ready to live—he is already alive, and keenly alive to the grand possibilities and the grave responsibilities of life. The time spent in well directed study is not lost. It is well invested, and any opportunity passed by the student because he is a student, is not the opportunity that shall lead him to the high plane where his manhood shall mellow and expand in the manner his nature foretells through his desire.

The question naturally arises what are the graduates going to do? The choice of a profession should be made long before the school days are ended. The young man who enters upon the duties and responsibilities of life without a definite object in view is in danger of being wrecked upon the breakers and devoured by the sharks that await the fall of the unwary. The chosen profession is one that broadens as it is followed. If the aim is high and ennobling, so much the better.

But is not the future of the boys alone that is perplexing. The future of the girls who are yearly being

graduated from our schools and colleges, is also a question of importance. Since the growth of civilization has demanded, and does demand, the higher education and culture of women, ambitions as well as sweet and romantic dreams find lodgement in the girl's busy brain. Must all the ambitions of an aspiring young woman be vented in her graduating essay? What a vexatious period of weary inactivity crowds close upon her active school days. Where shall she find employment to satisfy her heart and hand? To what shall she turn to gratify the longings of ambitions aroused by her studies and encouraged by the trend of the times?

Three avenues are open to her—society, domestic life and a career. There is many a school girl whose ambitions are materializing, and will not be shut in, or limited by the near horizon of locality; who will strive to carry her mind and heart and work as far as fancy soars. She may be an artist, a scientist, a writer, a reformer, or she may enter the domain of politics, as that avenue is now open to her, as well as to mere man. But whatever career she chooses there will be an army of critics rise up to crush her and tell her how the world regards a woman with a career.

For many reasons, women who value peace of mind and the tender ministrations of love, avoid a career, or choose rather domesticity, home duties and home joys. Some claim that woman is happier without ambition, but such is not necessarily the case. A kitchen and a library may dwell peacefully under the same roof. The path of domesticity, society and usefulness run parallel for many a mile, and it is well for woman to choose that road whence society, duties and pleasure are all attainable.

Few women are happy without a home. It is in the home and the home-like atmosphere that she finds her greatest happiness; where she finds her highest social plane, and where her soul breathes in its natural freedom. This does not, however, necessarily destroy her ambition. Let domestic duties and home influences be combined with the love of wisdom, the interest in study, the desire for fame, the striving toward a noble and helpful life. These will develop breadth and beauty of nature, nobility of character, as well as practicability—essential elements in the nature of a lovable and perfect woman.

#### Society.

Father Lyons introduced Dr. Canton, who reviewed the history of the Red Cross briefly, recalling how Clara Barton, after her wonderful work among the wounded in Europe, came to the United States and appealed for the recognition of this government.

"The Red Cross is helping," he said, "to establish a New Samaritanism that would not only pick up the man by the roadside, but go down to Jericho and clean out the thieves. Every man, woman, boy and girl should feel compelled to belong to the Red Cross because it is above narrow sectarianism; it is not partisan; it is absolutely neutral; it is more like any band of disciples that ever went out to work for the Master. It is helping to relieve the wounded; it is helping to save the soldiers; it is helping to make us more unselfish; it is helping to take us out of our narrow ways. It is a challenge to the greatness of America; it is a test of Americanism."

"We are yet at the unfinished business of establishing democracy. We have a great labor before us. We have inherited great things but we owe the world greater things—to hand down to future generations the civilizations and culture which we have inherited. We are compelled to think in world terms."

Mr. Thomas spoke briefly at the conclusion of Dr. Canton's talk. He said it was difficult to believe that we of Rush county are at war, but that the seriousness of the situation was just beginning to dawn on the average person.

"It is true we are not drilling and preparing to go to war," he continued, "but if we are not preparing to do our part we are failing in our Americanism. We should all feel an individual responsibility."

that the expense of administration is met. Ninety-five cents out of every dollar contributed to the Red Cross goes for relief. Many ask questions whether they are expected to serve in the war if they join. There are no obligations in joining except to pay a dollar. No service away from home is required. Mr. Thomas pointed out that America had not responded to the appeal of the Red Cross as other countries have, citing the small membership in the United States as compared to other world powers. He said that from a selfish point of view the Red Cross should be supported because an American hospital corps had already landed in France to care for the American soldiers who will soon be on French soil. He showed that besides that viewpoint, there was the broader, humanitarian side to be considered.

#### TEN PASS TEACHERS TEST

Of Those Graded by State Authorities, 27 Get Passing Grades

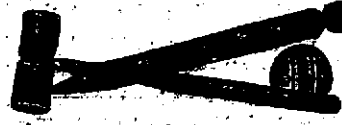

Supt. George has completed grading the papers for the April teachers' examination and has received a report from those papers graded by the state authorities. Of the papers graded here ten passed, seven failed and five were conditioned. Of those graded by the state authorities twenty-seven passed and three failed. The regular May examination for teachers will be held Saturday.

## WIGGAM PRAISED AS MATCHLESS ORATOR

Lecturer to Speak at Commencement is Complimented by Ralph Parlette

BRINGS THOUGHTS OF LINCOLN

The people of this community will have an opportunity to hear one who is styled "the matchless orator," when Albert Edward Wiggam speaks at the commencement exercises at the Graham Annex Friday night at eight o'clock. It is stated that the lecture will be so full of inspiration and up-to-date thought that no one should fail to hear him. It is declared that no part of the house will be a poor seat for Mr. Wiggam can be heard in the largest chautauqua auditoriums. The seats are on sale at Hargrove and Mullin's drug store and may be purchased any time up to Friday evening at 6:30. After that tickets may be bought at the Graham Annex.

Ralph Parlette says about Albert Edward Wiggam, "When God makes an ugly man, he gives him brains enough to make up for it. Seems like when he saw Albert Edward Wiggam, he saw the need of special effort—gave him brains in an overdose, wit inexhaustible, eloquence inspiring. Ten years ago I first heard him and marveled. He has been growing every minute. He has arrived—arrived long ago—but mark it, this is only the beginning of Wiggam's real career. He is to become one of the great figures in the lyceum—that skinny, shambling tower of bones. Down in Indiana they call him the second Beveridge, but I get to thinking of Lincoln when I see him."

## MORE GUARD UNITS TO BE ORGANIZED

Scores of New Regiments of Artillery, Engineers and Cavalry Asked by War Department.

SOME SURPRISE IN INDIANA

Adj. Gen. Smith Says he Had Previously Been Ordered to Have Cavalry Serve Dismounted.

Washington, May 23.—Organization of scores of new regiments of National Guard artillery, engineers, signal troops and cavalry will be undertaken soon to supply the tactical formations necessary for the establishment of the sixteen divisions of the guard provided for in the War Department's plan.

In addition to these troops, immediately after the existing state soldiers have been drafted into the Federal service, there must be organization, divisional headquarters, detachments, supply, ammunition and medical trains, heavy field artillery and signal battalions, an aero service, two cavalry divisions and many new coast artillery units and reserves.

Comparison of the organization tables for the sixteen infantry divisions with the existing guard establishment shows that in the infantry the arm of the service in which the guard is strongest, thirty regiments and six companies must be created to provide the 144 regiments for the divisional structure.

The principal shortage is in field artillery. Each of the sixteen divisions requires three full regiments of batteries each or a total of 288 batteries. There now exists in the guard 108 batteries.

The shortage in engineers is almost as great. There will be needed sixteen regiments, or a total of ninety-six companies, whereas there are now only thirty companies.

Each division also will have an aero squadron or balloon company, making sixteen air service units. New York has one aero squadron less one company.

The first effort of the department is to bring up to full war strength all existing units of the guard. When that has been accomplished and the force has been drafted, the next step will be to create the new units necessary to complete the sixteen infantry divisions, and the adjutant generals of the states have been instructed that they should prepare for these new organizations without delay.

### SMITH IS SURPRISED.

Indianapolis, May 23.—Adj. Gen. Harry B. Smith expressed surprise last night at dispatches from Washington announcing that a regiment of cavalry was included in Indiana's apportionment of the new National Guard units. He said that the War Department had ordered all cavalry to serve dismounted and that the Indiana squadron had been converted into infantry. Steps toward organizing the new units will be taken immediately upon official advices from Washington, which are expected today, and the Indiana guard strength, with the additions, will be five regiments of infantry, one of cavalry and three of artillery, less one battalion.

## GOVERNMENT TO MAKE A FORMAL STATEMENT

Will Make Known Its Attitude in Regard to Russian Soldiers and Workmen Announcement

LIKELY SIMILAR TO FRENCH

(By United Press.) Washington, May 23.—The United States government plans before long to make a formal statement of its attitude towards the Russian soldiers and workmen announcement of no annexation and indemnities. This statement, while not yet revealed will doubtless take form similar to that of French Premier Ribot's statement yesterday in Paris.

The state department is to let it be known officially that it sympathizes with Ribot's remarks.

## Notice to Contractors

Notice is hereby given that the Common Council of the City of Rushville, Indiana, will receive sealed bids or proposals for the improvement of Third street by constructing a brick, concrete or macadam black roadway, beginning at the east side of Julian street, thence west to intersection with Duane Vista avenue, according to the drawings, plans and specifications now on file in the office of the City Clerk until 2:30 o'clock p. m. on the 31st day of May, 1917. Each bidder must file with the City Clerk said City when he files his bid the usual statutory affidavit and deposit with him the sum of \$200.00 two hundred dollars as a guarantee that he will accept said bid and carry out the construction of said work. The successful bidder will be required to give a bond with surety approved by the said Common Council, before the faithful completion of said work according to the contract. The Board reserves the right to reject any and all bids and re-advertise for said work. CARL L. GUNNING, Mayor-23 City Clerk

Wolcott's ice cream Soda is 10 Cents, but they are worth the difference. Ribot's remarks.

## Today's Topic

It is one of a most important nature—that of ECONOMY.

There are many ways in which a person may economize. With the present price of wearing materials, it is to your advantage to make your present clothes, and even the ones which you wore last summer, last as long as possible.

Our business is to give new life and new appearance to garments which are mussed, soiled and probably discarded. We also maintain a repair department, and can alter your clothes in any manner that you see fit.

Ladies garments are specialized in our dry cleaning department.

Let us help you solve this question of economy. It will pay more than you pay.

## ECONOMY

# The Real Greatness of the Maxwell Is in Its Perfected Mechanism

Mechanical perfection has made the Maxwell endurance champion of the world—the most economical car to run—a source of complete satisfaction to 200,000 Maxwell Owners.

Let's consider the Maxwell first as a piece of machinery,—for that's what a real automobile is—a machine.

Fancy upholstery, enamel, a highly polished instrument board are excellent things, but they don't make a great motor car.

Motor-car merit depends, first, last and always, on mechanical construction,

—on the parts that are hidden from your view.

The Maxwell has grace of form and line—travels easily—is roomy and comfortable,

—a novice knows that—it's obvious.

But let us pick the car to pieces and see what you actually get for your money.

### The Sturdy, Masterful Chassis

In the first place, there is one—and only one Maxwell chassis,—and that chassis not an experiment,

—not the whim of some designer who craves a reputation to be different or original.

Nobody is permitted to tinker with that one Maxwell model,

—no smart ideas are allowed to swerve it from its course of development, refinement, perfection along the known, proved, time-tried principles of automobile construction.

### The Maxwell Engine is the Embodiment of Efficiency and Power.

The Maxwell engine is the concrete manifestation of efficiency and power brought up to an almost unbelievable point of perfection. It has much of the velvety smoothness characteristic of the motors in high-priced cars.

—plus power, economy, reliability and simplicity.

This marvelous motor is daily taking Maxwells over tens of thousands of miles of the hardest sort of going at an average cost of only \$6 to \$8 a month.

One of those Maxwell engines—just like the one your Maxwell will have—went for 44 days and nights without stopping, carrying a Maxwell over all kinds of roads, in all kinds of weather, at a rate of 25 miles an hour, on 22 miles per gallon of gasoline.

### Some Other Mechanical Factors That Make the Maxwell Great

The Maxwell axles stand up like the foundations of a mighty sky-scraper,

—they are designed, forged, heat-treated and built complete in our own factories.

The Maxwell transmission—noiseless, self-lubricating, trouble-proof—is the height of mechanical sanity and surety.

The marvelous Maxwell clutch—running in oil, simple, smooth, wear-proof—has an efficiency greater than that of any other car, no matter how high priced.

Besides—each part of the Maxwell chassis is made of only the finest metal that can be procured,

—and then only after the material has been subjected to the most rigid tests known to science.

### Buy the Car That Stands the Test

Don't buy a car on looks, but find out just what is inside it—its vital parts of the car are mechanically right.

The more you study the Maxwell the more certain you will be, as we are, that the Maxwell is the world's greatest motor car value.

Come to our salesrooms and let us prove to you that the Maxwell is mechanically right.

Roadster, \$650; Touring Car, \$665; Cabriolet, \$865; Town Car, \$915; Sedan \$985; completely equipped, including electric starter and lights. All prices f. o. b. Detroit.

## Social Calendar

### Thursday

Catholic Aid with Mrs. Nathan Horr, 620 West Third street, in the afternoon.

Social Dozen with Mrs. R. P. Havens, 423 North Main street, in the afternoon.

Eumonia club with Mrs. Fred Beale, 710 North Oliver street in the afternoon.

Thursday Afternoon Bridge club with Mrs. Roy E. Harrold, 717 North Perkins street.

Mrs. Will Bliss, assisted by Mrs. Fred Beale, entertained thirty members of the Ladies Aid society of the Methodist church, yesterday afternoon at her home in North Perkins street. The entire afternoon was given over to business and refreshments were served by the hostesses.

The Young Ladies Circle had an interesting meeting last evening with Miss Grace Billings at her home in East Eighth street, with sixteen members in attendance. Miss Nina Hill read a paper on "Jacob" and Miss Hazel Woollen read a paper on "Latin America." The society was favored with a solo by Miss Wanda Wyatt. The remaining hours of the

evening were spent with games and refreshments were served. The assisting hostesses were the Misses Mary Harrold, Prudence Pope and Margaret Gallimore.

The Ladies Musicale, which was to have met Monday, May 28, has been postponed until a later date. Eight couples enjoyed an informal dance last evening in the Modern Woodmen hall. Splendid music was provided throughout the evening by the Sherman orchestra.

Twenty members of her Rook club met with Mrs. Mary Johnson at her home in Milroy last evening and enjoyed a pitch-in supper and a social evening over cards.

The Misses Emma and Nellie Maple and Mrs. Bessie Jaimson visited in Indianapolis yesterday and were the dinner-guests of Mrs. George Harding.

Thirteen members of the Ladies Aid society of the U. P. church had a social meeting with Mrs. Hal Pike yesterday afternoon at her home in West Ninth street.

Mrs. Ed Pijman entertained a number of her friends last evening with an informal card party. After the usual engrossing rounds of 500, the guests enjoyed the refreshments which were served.

Mr. and Mrs. R. E. Mansfield entertained Mr. and Mrs. E. B. Thomas and Rev. M. W. Lyons with a well appointed six o'clock dinner last evening at their home in North Morgan street.

Mrs. R. A. Petry entertained with a well appointed six o'clock dinner last evening at her home in North Sexton street. Covers were laid for Mr. and Mrs. C. E. Liddle and son, George, and the Rev. F. B. Stearns and daughter, Miss Anna.

Twelve members of the S. E. T. Embroidery club and two guests, Mrs. J. A. Cochran and Mrs. Ulysses Michel of Decatur, Ill., were entertained by Mrs. George Helm yesterday afternoon at her home in West Third street. After the pleasant afternoon over needlework, dainty refreshments were served.

Miss Bertha Uhlman and Henry Oneal were married at the Catholic church by the Rev. M. W. Lyons at six o'clock this morning. The ceremony was witnessed by only a few immediate friends of the couple. After a short trip Mr. and Mrs. Oneal will be at home at 627 North Sexton street.

One of the cleverest affairs of the season was a gypsy party, given by Miss Effie Young for the members of the B. N. club at her home in East Third street, last evening. Pretty flowers were used in the parlors, where the guests enjoyed the evening with music and dancing. Late in the evening, the girls were invited into the dining room, the room had been entirely cleared and a red table cloth spread on the floor, in the middle of which was gypsy kettle suspended from wigwam poles. The only light in the room was shed from small candles covered with red paper under the smoking kettle of hot weiners. The girls gathered around the kettle on the floor and enjoyed a delicious supper and told ghost stories. Small pipes were given as favors, which also added novelty to the affair. Mrs. James Wooster was the only outside guest.

## FRENCH MISSION IS HOME

Sailed From New York May 15 and Arrived in Paris Today

(By United Press.)

Paris, May 23.—Marshall Joffre and Former Premier Viviani arrived in Paris this evening, completing their mission to the United States.

The French war commission sailed from New York on May 15. Their departure was kept such a close secret, under the volunteer censorship, that it was generally believed the French were still in Washington. They sailed on the same steamer that brought them over to this country.

Mrs. Charles Lamberson underwent an operation at the Sexton hospital Saturday for appendicitis and is improving nicely.

# 99c STORE

Where You Always Buy For Less

## THERE WILL NEVER BE A BETTER TIME TO BUY A PIANO THAN NOW

Your piano dollar has higher purchasing power right now than you can expect it to have in the future. The high prices of materials and labor, brought about by the world war, makes it necessary for the manufacturer to advance prices on finished product, and these high prices will be maintained for years after actual hostilities cease. The whole world will have to replace billions of dollars worth of machinery and equipment that has been destroyed. The price of materials used in manufacturing will reach a still higher price.

### Take Our Advice—Buy Now While You Can Save Many Dollars.

We acted wisely and placed a large order with the manufacturers for Pianos and Players in January, just previous to the February advance, the largest raise in prices that has yet occurred. These instruments are coming in now—we have opened up twelve (12) of these beautiful instruments, and place them on sale this week at the same old prices. NO HIGHER PRICE WILL BE ASKED AS LONG AS OUR PRESENT STOCK LASTS. Four More Player Pianos are expected in this week on back order. We have the most beautiful array of case designs and finishes that have ever been shown in this store—including the "KIMBALL," "CECELIAN," "VICTOR," "BUSH and LANE," "WHITNEY."

We sell more Pianos and Player Pianos than any other small-town store in Indiana. Our trade demands good pianos—we keep the best. Our prices right now are from \$35 to \$95 LOWER than asked in the larger cities for the very same pianos. Come this week, look over our stock and be fully convinced of the money saving advantages offered at this store.

BUY NOW — PAY LATER IF YOU WISH.  
Credit Terms Made Convenient To All.

## JUDGE SPARKS TO MAKE MAIN ADDRESS

Program is Announced Today For Memorial Observance Here on Next Wednesday.

### SERMON TO SOLDIERS SUNDAY

The program for Memorial Day was announced today. The main address will be made by Judge Will M. Sparks and other special numbers are being prepared for the exercises which will be held in the court house assembly room next Wednesday afternoon at 1:30 o'clock. On the morning of Decoration Day the old soldiers will be taken to the cemetery in automobiles and will decorate the graves of departed veterans. The annual Memorial sermon will be preached at the U. P. church next Sunday morning by the Rev. John T. Aikin. Members of the G. A. R. will meet at the sheriff's office in the court house at nine o'clock and march to the church in a body.

The Boy Scouts of the Main Street Christian and the First Presbyterian churches will act as escorts for the old soldiers on Memorial day. They will assist in the decoration of the graves with flowers the morning of Decoration Day and will help the old soldiers place flags on the graves the day before.

The program follows:  
1:30 p. m.—Meeting called to order.  
Song—America.

Prayer—Rev. W. M. Whitsitt  
Lincoln's Gettysburg Address—Miss Frances Frazee.

Barbara Fritche and the Flag—Master Walter B. Keaton.  
Music—High School Girls.

"The Star Spangled Banner."  
"Tenting Tonight on the Old Camp Grounds."

Address—Judge Will M. Sparks.  
Song—"God Be With You 'Till We Meet Again."

## JAMES H. HYDE APPOINTED

American on French Committee to Arrange For U. S. Troops

(By United Press.)

With the French Armies, May 23. James H. Hyde, until 1909 a

well known figure in New York, was today appointed a member of the French committee to install accommodations in France for American troops.

His first activity in this new position was to make an extended airplane tour over part of the French front.

# Are Your Dollars More Valuable Than Your Neighbor's Sons?

¶ President Wilson has summoned 28,000 of our boys to France and soon they will be fighting shoulder to shoulder with our Allies, and in another few months there will be a stream of American soldier boys crossing the ocean to fight for Democracy. Is it any more than fair that those who stay at home should stand behind these boys? They are ready to lay down their lives. Is it any more fair that we should lay down our dollars?

¶ Who is going to win this war? If we are, we must fight to the last dollar, to the last man and to the last heart beat. Are you going to stand by and suffer defeat? Are you going to meet a conquerer's terms? Are you going to look timidly at long processions of conquering troops tramping down our streets?

¶ Germany alone has nine million men under arms. That means we cannot win this war by waving flags and singing The Star Spangled Banner.

¶ Either we will walk down the Kaiser's streets in Berlin or his soldiers will march proudly and arrogantly along Pennsylvania Avenue and dictate the Terms of Peace under the dome of our Capitol in Washington.

¶ Don't forget that until we get our Army and Navy into shape, the English Navy and the Armies of our Allies are fighting this war for us and the least we can do is to supply our share of the money to pay for it.

¶ The Government must raise at once Two Billions of Dollars and the loan is called the Liberty Loan. And what is this Liberty Loan? It's our answer to the rights of American citizens denied. It's our answer to the ruthless submarine policy.

¶ It is not a question whether we will or will NOT buy our Government bonds, (the best investment in the world) and get our money back with 3½% interest; but whether we will pay the Kaiser, not two billion of indemnity, but ten billions.

¶ And it's not charity our government asks, but a loan, a Liberty Loan, a loan for freedom and Democracy.

¶ Most of you cannot go to the front, but you can help by buying Liberty Bonds so we can buy food and clothing and guns and ammunition, ships and shells and horses and cannons.

¶ AND YOU CAN PAY CASH, or BUY ON EASY PAYMENTS. Rush County Bankers offer their services to all purchasers without charges of any character.

## RED CROSS GETS MANY MEMBERS

Membership Blanks Have Been Coming in so Fast That Results Have Not Been Tabulated.

### MANY NEW CHAPTERS FORMED

Campaigns Are on in All Parts of the State—Work Takes Definite Form.

(By United Press.)

Indianapolis, Ind., May 23.—Thousands of Hoosiers have joined the Red Cross society during the last few weeks in all parts of the state, according to reports being received by A. F. Bentley, chief organizer of the Red Cross in this district today. In fact the membership blanks have been coming in so rapidly that the workers have found it impossible to tabulate the results.

New societies have been formed in all parts of the state. It is the hope of the campaigners to have a society established in every county of Indiana by next Saturday night. The society has been successful, it was announced today, in its campaign to have a society in every city of more than 4,000 population in the state.

The two largest cities which have recently established new organizations are Wabash and Kokomo. Nearly 100 smaller cities have started organizations.

Membership campaigns are being conducted by practically every active society in the state. Elkhart is now in the midst of a campaign for 5,000; South Bend is closing a successful attempt to procure 10,000 and according to present indication it will reach 12,500; Terre Haute is after 5,000 to 6,000 new members.

Red Cross work has already taken definite form in many places. Women are organizing to make bandages, extra clothing and other necessities for hospital work.

### GROUP NO. 5 MEETS IN BRAZIL

Bankers of Twelve Counties Gathers In annual Session

Brazil Ind May 23—One hundred and fifty bankers of Western Indiana met here today for the annual meeting of Group No. 5 of the state bankers association. J. L. Bogard, cashier of the First National Bank of Vincennes and president of the state association, outlined the work which the organization has done during the last year. James B. Davis, secretary of the farm loan bank at Louisville, talked on the "Farm Loan Bank and Its Function." Elmer W. Stout of Indianapolis spoke on the relation of war bonds to bank deposits.

### Old Looks?

(BY DR. L. H. SMITH)

Persons suffering from too much acid in the system frequently look older than they should. They age faster and the appearance of gray hair or baldhead in early years is, indeed, often a sign of uric acid. The face appears lean and haggard, lines and wrinkles appearing in young men or women.

The best way to combat this premature age and the obstruction to the arteries and faulty circulation is of the simplest: Drink copiously of pure water between meals. This will not make you fat, as it is only the water taken with the meals that fattens. Obtain at any drug store a package of Anuric (double strength), which is to be taken before meals, in order to expel the uric acid from the system. The painful effects of backache, lumbago, rheumatism, gout, due to uric acid in the blood should quickly disappear after treatment with Anuric.

### PERFECT HEALTH IS EVERY WOMAN'S BIRTHRIGHT.

South Bend, Ind.—"Some few years ago I began to go down in health, caused by having woman's weakness. I saw Dr. Pierce's Favorite Prescription advertised and I got it at once. It was just a short space of time until this medicine completely cured me. Then, about two years ago I had severe pains in both kidneys and my limbs were swollen. It was almost impossible for me to rise in the morning. I took medicine but the relief I got was only temporary. Some time later I learned of Anuric and got it at once. I soon began to feel better. I kept up its use until I was completely cured of this ailment. I have not had any more backaches and my kidneys are in fine condition. I feel safe in recommending Dr. Pierce's remedy for I know they are good."—Mrs. Mary E. Powers, 728 Columbia St.

## NO GREAT DAMAGE FROM COLD WEATHER

State Food Experts Believe Crops Will Not Suffer Although Fruit Is Injured

### GARDEN CROPS WILL BE LATE

Indianapolis Ind May 23—Although the cold weather of the early part of May has undoubtedly retarded the planting of crops, it has not done a great deal of damage, in the opinion of state food experts, expressed today, after receiving reports from various parts of the state.

The fruit crop has suffered the most, according to these reports. Frosts several days in succession destroyed nearly half of the cherry crops in some counties, about half of the early apple and a small part of the late apple crop.

Early gardens were injured, although, because of the rainy, cold weather, most of the garden planting was done late enough to escape injury.

## NEWS EXPECTED TO AID IN RECRUITING

Fact That Marines Will Get to go to France Will Likely Help in Raising Quota

### HOPE TO REACH IT BY JULY 4

Washington, May 23.—An immediate jump in volunteer enlistments in the United States Marine Corps is expected by officials of the Corps as a result of the sending of a regiment of "Soldiers of the Sea" to France with the first expedition and the assurance that further contingents will be sent as rapidly as transportation can be procured.

Many young who had previously not wanted to enlist with a probability of being kept in this country an indefinite time and perhaps never getting to the firing line will, it is believed, now enter their country's service as "Soldiers and Sailors, too."

The Marine Corps expects to reach its full war strength of 30,000 men by the Fourth of July.

### FIRST DEGREE.

Franklin lodge No. 35 I. O. O. F. will have two candidates for the first degree Wednesday evening. Music will be provided by the orchestra. A good attendance is urged.

## Serum Station....

The Swine Breeders Pure Serum Company of Thorntown, Indiana, has established a Serum Station at Rushville for the benefit of their stockholders and also the farmers of this part of the State who want to use a high class serum.

We sell direct to the farmer and guarantee him the best, pure, potent serum and virus that can be obtained anywhere. This serum is strictly troat bled serum, obtained by killing the hog outright and this is the only plant in the country using this method.

The company has arranged to keep serum on hands at Kramer's Cold Storage Plant, and anyone wanting serum can get it any time. We are prepared to answer calls for vaccination at all times and have an office with the Nipp Insurance Company over the Rushville National Bank.

"QUICK BREADS" CAN NOT BE FRESHENED AS ONE MADE OF YEAST

By DR. H. E. BARNARD

Pure Food and Drug Commissioner. (Written for United Press.)

Biscuits raised by baking powder or soda and sour milk dry out more quickly than breads made with yeast. Such breads which are sometimes called "quick bread" cannot be freshened by putting in the oven like yeast raised bread. Most housekeepers avoid stale biscuits by baking only the number which experience has taught her will be eaten hot. But the most careful calculators sometimes make an error and frequently the bread-box accumulates cold biscuits. Stale biscuits offer little promise to the most skilled cook and they usually find their way either to the chicken-pen or garbage-can.

The government experts are doing their best to prevent waste of food and one of their first suggestions for saving is a number of methods for using stale breads. They point out that biscuit may be toasted quite as successfully as bread and that so prepared it makes a splendid base on which to serve minced meats or egg dishes. Biscuit crumbs may be used with complete satisfaction in other breads, cakes and puddings. When dried in the oven for a few minutes biscuit crumbs will keep for some time in a glass jar without becoming moldy or musty.

And yet after all this good advice, the best way to handle the stale biscuit is to plan so there will be no left-overs.

NEWS OF INTEREST FROM

MANY POINTS IN COUNTY

Glenwood

Many farmers in this vicinity have finished planting corn.

Earl Ruff is confined to his home with a severe attack of rheumatism.

Mrs. J. F. Mapes is suffering with rheumatism, which developed from tonsillitis.

Mrs. Wilbur Hall and child have gone to the home of her mother in Knightsdown.

Mr. and Mrs. Kidwell have moved into the property across from Arthur Reynolds's store.

The Rev. James L. Brown was the guest of Mr. and Mrs. John Fulton and son Charles Sunday.

Dr. and Mrs. J. E. Walther and family entertained Dr. Walther's parents and brother, of Marshall, Ind., Sunday.

Mr. and Mrs. Raymond Carpenter Sunday entertained their parents, Mr. and Mrs. John Carpenter of near Andersonville and Mr. and Mrs. John May of near Columbia.

The club to which Mrs. Russell, formerly Miss Effie Matney, belongs surprised her and her husband Saturday night. Mr. and Mrs. Russell have gone to housekeeping in the old White homestead.

The Rev. J. L. Brown preached a very practical sermon at the M. E. church Sunday morning. No services were held at the Orange church because of a Sunday school convention at the Orange Christian church.

Mr. and Mrs. John W. Doughty of Richmond, Mr. and Mrs. Ernest Doughty and children of Greenfield and Mr. and Mrs. Cliff Wines of Cornersville spent Sunday with Mrs. Pearl Link and children. Mrs. Link has not yet recovered from injuries she sustained in an automobile accident on Bunker Hill a few weeks ago.

Dr. and Mrs. Osborne and family are leaving this week. Mrs. Osborne and daughter Virginia will go to Mrs. Osborne's old home and another daughter, Gladys, will go to the home of her aunt in Indianapolis. Dr. Osborne has enlisted in the United States hospital corps and will go to France soon. Osborne's home will be closed unless it can be rented and the garage and public hall will be closed.

Union Township

The young married peoples class of Plum Creek met at the home of Mr. and Mrs. Walter Gray last Saturday night. Rook and contests were the features of the evening. Carl Ging, Lowell Vickrey and Mrs. Clem Hall were winners of the contests. Refreshments of ice cream, cake, strawberries, coffee and mint were served. All reported a fine time. The class meets again in two weeks with Mr. and Mrs. Carl Ging.

Mr. and Mrs. Will Hall, Mr. and Mrs. Aaron Kennedy, Mr. and Mrs. Elbert Gordon and Mr. and Mrs. Homer Hall and families spent Sunday with Mr. and Mrs. John Gordon.

The Misses Mary Caster, Louise Bingham, and Carrie Morris, and John Johnson, Robert Laughlin, Rex Wiley and Ray Clifton were Sunday evening guests of Miss Hazel Rider.

Miss Nora Hall of Indianapolis spent a few days last week with her parents, Mr. and Mrs. John Hall. Mr. and Mrs. Roy Wiley and son Eugene were also Sunday guests.

Mr. and Mrs. Lowell Vickrey attended the surprise given for Emory Vandiventer at his home last Sunday. About one hundred were present for the pitch-in dinner.

Mr. and Mrs. E. A. Billings visited Mr. and Mrs. George Billings and family Sunday. Mr. and Mrs. Frank Logan and family were also guests in the evening.

Mr. and Mrs. Luther Nixon visited Mr. and Mrs. Lowell Bell of Indianapolis Sunday. Mrs. Mary Nixon returned home with them for the summer.

Mr. and Mrs. John Logan and Mr. and Mrs. Ross Logan and son William were guests of Mr. and Mrs. Tom Lower and family Sunday evening.

ed Mr. and Mrs. George Billings and family Monday evening.

Mr. and Mrs. Charlie Miller and family and Howard and John Johnson were Sunday guests of Mr. and Mrs. Lafe Johnson.

The Misses Edith Elder and Ida Foley were guests of relatives in Rushville Saturday night and Sunday.

Mr. and Mrs. Kanerda Jones and daughter Maxine were Sunday evening guests of Mr. and Mrs. Will Meyer.

Mr. and Mrs. Wayne Werking and Miss Ozetta Frye spent Sunday with Mr. and Mrs. Orvis Werking.

Mrs. Mary Bingham was called to Anderson Monday on account of the serious illness of her sister.

Mr. and Mrs. Carl Ging and son Norman spent Sunday with Mr. and Mrs. Abdel S. Ging.

A large crowd attended the funeral of William Higley last Friday evening.

Mr. and Mrs. Joseph M. Bell took dinner with Mr. and Mrs. Will Bell Sunday.

Miss Maude Bell visited Miss Doris Walker Monday night.

HOOSIER BRIEFS.

Laporte—Military training for high school boys in Laporte may be adopted for the remainder of the term.

Hammond—Girls of this city, sewing for the soldier boys, were urged to "hurry pajamas, and not to mind the pennant quilts or coupon-flag pillows."

Gary—William Gordon started suit for divorce only when his wife refused to stop smoking cigarettes.

Anderson—Physicians of Madison county have agreed to save the practice for physicians in the county jail who join the United States medical corps.

## ZONE SYSTEM FOR MAIL IS APPROVED

House Sits Until After Midnight to Complete Consideration of the Revenue Bill

### SECOND CLASS RATE HIGHER

Provision Put Into Clause Providing Local Delivery on First Class Shall be 2 Cents

Washington, May 23.—Sitting until after midnight, the house this morning virtually completed consideration of the \$1,800,000,000 war revenue bill by adopting, 198 to 71, a new proposal from the ways and means committee for increasing second class mail rates under a zone system.

The tariff section, adding 10 per cent to all duties now imposed and taxing nearly all articles now on the free list 10 per cent, was retained after Representative Lenroot of Wisconsin has striven unsuccessfully to eliminate the increase on sugar.

A provision was written into the clause in the postal section adding 1 cent to all first-class mail charges to provide that the rate on letters for local delivery remain at 2 cents.

Following is the ways and means committee's schedule of second-class mail matter charges:

Effective July 1—First zone, 1 1-6 cents per pound; second and third zones, 1 1-3 cents; fourth and fifth zones, 1 2-3 cents; sixth zone, 2c; seventh zone, 2 1-3 cents and eighth zone, 2 2-3.

Effective Nov. 1—First zone, 1 1-3 cents; second and third zones, 1 2-3 cents; fourth and fifth zones, 2 1-3 cents; sixth zone, 3 cents; seventh zone, 3 2-3 cents and eighth zone, 4 1-3 cents.

Effective March 1 (and thereafter)—First zone, 1 1/2 cents; second and third zones, 2 cents; fourth and fifth zones, 3 cents; sixth zone, 4 cents; seventh zone, 5 cents, and eighth zone, 6 cents.

Representative Kitchin announced shortly before midnight that he probably would not attempt to hold the house in session after a vote had been taken on the second-class mail rate section, but would seek the final action today.

Section of the bill completed included the taxes previously agreed to on incomes, excess profits, inheritances, beverages, cigars and tobacco, public utilities, insurance, manufactures, amusement and club dues, and the war stamp taxes.

Representative Mann appealed to the house to eliminate the entire second-class mail section from the bill.

### Notice to Contractors

Notice is hereby given that the Common Council of the City of Rushville, Indiana, will receive sealed bids or proposals for the filling of the streets in the City of Rushville, Indiana, according to the drawings, plans and specifications now on file in the office of the City Clerk until 7:30 o'clock p. m., on the 6th day of June, 1917.

Each bidder must file with the City Clerk of said City when he files his bid the usual statutory affidavit and deposit with him the sum of (\$100.00) one hundred and fifty dollars as a guaranty that he will accept said bid and carry out the construction of said work. The successful bidder will be required to give a bond with surety approved by the said Common Council, insuring the faithful completion of said work according to the contract.

The Board reserves the right to reject any and all bids and re-advertise for said work.

CARL L. GUNNING,  
City Clerk.

## MEETING WILL AID BUSINESS

Impetus to Industrial Preparedness Expected to Result From Efficiency Convention

### MANY DELEGATES ATTEND

Society of Industrial Engineers Will be Formed Saturday Morning Before Adjournment

(By United Press.)

Chicago, May 23.—The national convention of the Western Efficiency society, which opened in the Auditorium hotel this afternoon, was expected to have a marked influence toward giving impetus to the industrial preparedness movement and in indicating the part business is to play. Delegates from every large city in the west were present.

C. E. Koepfel of the council of organization and management of New York City, representing Howard E. Coffin, chairman of the advisory committee of the Council of National Defense, was the principal speaker at the opening session. He discussed the importance of the human factor in industrial preparedness.

The speakers at tonight's session will include Harrington Emerson of New York City, consulting engineer, who will speak on "Stimulating the Management;" Willard E. Hotchkiss, dean of the school of commerce of Northwestern university on "Function of the Educational Institution;" J. W. Dietz, manager of the educational department of the Western Electric company, Hawthorne, Ill., on "What Industry Can Do For Itself;" and E. W. Puckett, president of the Fort Wayne Oil and Supply company, Fort Wayne, Ind., on "Training the Coming Generation of Workers and Executives."

Tomorrow morning's session will be devoted to a round table conference on "Influencing the Management." The speakers will include Harold P. Gould, C. E. Koepfel, Irving A. Berndt, Carl G. Barth, H. P. Dutton, Mrs. E. Beatty, R. B. Beach, F. M. Simons, Jr., and Leon I. Thomas.

In the afternoon the following will speak: W. A. Grieves, assistant secretary of the Jeffrey Manufacturing company, Columbus, O., Earl Dean Howard of Northwestern university, and Magnus Alexander of the General Electric company, West Lynn, Mass.

John P. Frey of Cincinnati, editor of the International Union Moulders' Journal, will be the principal speaker in the evening session. Other speakers will be Victor A. Olander, secretary-treasurer of the Illinois State Federation of Labor, and Arthur E. Holder, secretary of the legislative council of the American Federation of Labor.

W. A. Grieves and Earl Dean Howard will discuss "Labor's Viewpoint" at Friday morning's session. That afternoon the speakers will be Frank B. Gilbreth of Providence, R. I., industrial engineer; Irving A. Berndt of Chicago; W. S. MacArthur, office manager of Armour and company, Chicago; Harry F. Porter of the Detroit Executives' club; John M. Carmody, production manager of H. Black and company, Cleveland, and W. R. DeField, superintendent of systems of Montgomery Ward and company. The speakers Friday evening will include Charles R. Van Hise, president of the University of Wisconsin, and John W. O'Leary, president of the Chicago Association of Commerce.

At a special meeting Saturday morning, the American Society of Industrial Engineers, an organization proposed to co-ordinate the work of similar bodies, will be formed. Willard E. Hotchkiss will preside.

An exhibit covering the field of industrial management will be one of the features of the convention.

### Notice of Final Settlement of Estate

Notice is hereby given to the creditors, heirs and legatees of Jefferson Churchill, deceased, to appear in the Rush Circuit Court, held at Rushville, Indiana, on the 31st day of May, 1917, and show cause, if any, why Final Settlement Accounts with the estate of said decedent should not be approved; and said heirs are notified to then and there make proof of heirship, and receive their distributive shares.

Witness, the Clerk of said Court, this 6th day of May, 1917.

## GARDEN COMMISSION SENDS OUT POSTERS

Calls Attention to Fact That Garden And Canning Primers May Be Had For The Asking

### IS GATHERING STATISTICS

The Daily Republican today received from the National Emergency Food Garden Commission several posters which have been hung in the windows.

These posters are done in four colors and announce that food garden primers, canning primers and other garden planting data may be had by writing to the National Emergency Food Garden Commission at 210 Maryland Building, Washington D. C.

This work of co-operating between the Daily Republican and the commission is a part of the nationwide campaign that has been conducted this spring to encourage the planting of food gardens. The Daily Republican has been printing the food garden lessons as first aid to gardeners and now the canning lessons will soon come along as part of the campaign to help readers of this paper.

The National Commission is also gathering data on the number of gardens that have been planted and the number of people so engaged which when completed will be the first authentic information the people of the country will have on what is being done.

### TODAY'S HOOSIER ODDITY

Greencastle Ind May 23—Probably the largest garden in the middle west has been planted at the state penal farm. The potato "patch" covers forty acres; 16,000 cabbage plants were set out; forty bushels of onions and practically every other sort of garden truck in similar quantities.

## Latest Battle Won By American Inventor

The fight was held in the kitchen with the old hot range. The FLORENCE wickless, smokeless, fumeless and sootless oil stove won the fight. The kitchen is much cooler, cooking is made easier, and really cooks like a gas range with little cost. No wicks to fasten and burn out, and no waiting for tea kettle to boil. Baking with this stove doesn't take all day as burners set up close to oven. Let us just light this stove for you and see for yourself.
